Farm Owners In Ohio Show Sharp Decline

Ag Census Reveals Acreage, Worth Both Climb in Generation

WASHINGTON (AP)—The Ohio farmer of today runs a bigger farm than his father did and it is worth three times as much, latest Census Bureau figures show.

But the farm owner is a dwindling breed in an age of increasing mechanization. The census figures graphically pinpoint the trend to bigger, more efficient farms.

The number of full owners of Ohio farms dropped from 116,788 to 88,081 in the five years preceding the 1959 agriculture census. The number of part owners and tenants also decreased.

While the average farmer owns nearly 50 per cent more land than his father did 40 years ago, the number of farms in operation has plummeted from 257,695, in 1920 to 140,353 in 1959. The drop between 1924 and 1959 was 36,721, but about 7,000 of these was due to a Census Bureau change in definition which excluded them as farms.

Average farm acreage in 1959 was 131.9 acres, compared with 112.9 in 1924 and 91.6 in 1920.

The land and buildings of the average Ohio farm in 1959 were valued at \$32,686. The 1954 figure was \$21,041 and in 1920, \$10,368.

While farms have increased in size, total land planted to crops and the total value of harvested crops has dropped since 1954, possibly due in part to government control programs.

The Census Bureau said 125,611 reporting farms planting 9,743,576 acres in crops in 1959, compared with 10,339,955 in 1954. The total value of harvested crops was \$76,458,750 and \$995,917,048 respectively. The figures include timber and other forest products.

The value of livestock and poultry—including butter, milk and eggs—continued a steady rise. The 1959 total was listed as \$531,658,761, compared with \$474,414,126 in 1954. The total in 1940, the first year statewide totals were available, was \$163,487,817.

Hired hands cost the farmer considerably more, the figures showed. In 1959, a total of 59,594 farms reported spending \$57,913,660 on hired labor, while 70,672 farms in 1954 reported spending only \$45,850,927.

New Security Council Talks On Congo Due

UNITED NATIONS, N.Y. (AP)—A new Security Council session on the latest Katanga crisis was forecast today as U.N. Secretary-General U Thant prepared a report to the 11-nation body on the outbreak of fighting between U.N. and Katanga troops in the secessionist Congo province.

Faced with the gravest crisis since he took office a month ago, U Thant moved swiftly to place the United Nations on a virtual war footing in Katanga and hinted he might make a personal mission to the Congo.

Delegates felt that U Thant's promise to give the council a full report on the latest Katanga events indicated he will be quicker to seek guidance from the United Nations' top security body than his predecessor, the late Dag Hammarskjöld.

They also expressed belief that the new U.N. chief's quick dispatch of jet planes and troop reinforcements into Katanga showed he intends to take a tough stand and use all means at his disposal to quell disorder in the Congo.

U Thant ordered up reinforcements as word reached here that the U.S. Embassy in Leopoldville had placed U.N. command's disposal to ferry troops into the Katanga capital of Elisabethville.

High Court Hears Arguments About BIS Admission Quotas

COLUMBUS, Ohio (AP)—The Ohio Supreme Court heard all arguments today in a suit challenging admission quotas at the Lancaster Boys Industrial School and the institution for girls near Delaware.

Judges put the case under study without indicating when a decision would be handed down.

Juvenile Court Judge Benjamin S. Schwartz of Hamilton County filed a mandamus action after Gov. Michael V. DiSalle on Aug. 15 ordered a freeze and quota system on admissions to relieve overcrowding at the schools.

George Heitzler, assistant Hamilton County prosecutor, challenged the authority of Mental Hygiene Director Robert A. Haines to deny admission to a 16-year-old Cincinnati youth committed by Judge Schwartz as a juvenile delinquent.

"Once committed," Heitzler said

Council OKs Salary Scale For Engineer

Major legislation passed by Circleville Council last night included an ordinance providing for the salary for the proposed hiring of a city engineer.

The ordinance noted that a qualified engineer, if hired here in the future, may be paid a starting yearly salary of \$7,500. It also called for a pay scale of yearly increases up to eight years after four continuous years of service.

The ordinance, requested by Mayor-Elect Richard Penn, was passed after a lengthy discussion. The measure also stated that if a service director without engineer qualifications is hired, the salary will remain at \$4,400, the amount currently paid here.

Another ordinance reaching passage following a reading of several weeks authorizes the city to enter into a contract with the Cincinnati Workhouse to handle prisoners from Circleville.

IN OTHER BUSINESS, Mayor Ben H. Gordon's appointment of Henry Schroeder to the Board of Health was approved by the council. His term will extend to May 31, 1965.

The resignation of Attorney Tom Renick as member of the hospital board of governors was accepted by the lawmakers. They also approved the mayor's appointment of Attorney Emmitt Crist to serve out Renick's term.

Flea Circus Chief Seeks Replacements

BRIGANTINE, N.J. (AP)—The performers in John Torp's circus have been dying off like fleas lately.

Matter of fact, the performers in John Torp's circus are fleas. The little varmints live only four or five months, and they won't breed in cold weather.

"Nationwide, there's no shortage of fleas," Torp said, "but they're hard to find here right now."

Just any old flea can't join the circus. Cat and dog fleas, which will breed almost any place, won't do.

"What I want are the large black, six-legged fleas—like you find on people," he said.

Gls Travel Autobahn

BERLIN (AP)—The U.S. Army reported that an infantry company left Berlin today over the 110-mile autobahn connecting West Berlin with West Germany and cleared Soviet controls without a hitch.

"at that point the state has full authority to place wards in institutions, but the state cannot arbitrarily veto the order of the court commitment."

Judge James F. Bell asked what the state was supposed to do with such wards—"let them sit out on the front steps?"

Chief Justice Carl V. Weygant also asked if Heitzler felt the state must accept all those committed.

"Yes," Heitzler answered, "and not let them sit out on the front steps."

Sol Isaac of Columbus, appearing for the Ohio Juvenile Judges Association, described the quota system as a clear invasion of the judicial function.

"We feel that it is illegal," he told the court.

Theodore R. Saker, first assistant attorney general, defended the refusal of Haines to accept admissions outside the quota system. He described the two industrial schools as institutions for academic and moral training of those committed. He said commitments to both schools created such overcrowding that a quota system appeared to be the only way that functions of the institutions could be carried out as prescribed by the legislature.

Since imposition, the freeze has been lifted at the Delaware school but remains partially in effect at Lancaster.

Lancaster inmates now number about 325, a reduction from approximately 850, state officials reported. Capacity is 500 inmates.

The thaw on the freeze at the Delaware school followed a late October drop in inmates from about 300 to the capacity level of 200.

Orbit Set For January

WASHINGTON (AP)—The first U.S. attempt to send a man into orbit was scheduled today for early January.

The postponement until after the Christmas holidays was announced by the space agency which already has assigned astronaut John H. Glenn Jr. for the attempt to orbit a Mercury capsule.

Previously the hope had been to make the manned shot this year, perhaps as early as Dec. 20.

The National Aeronautics and Space Administration announced that the next Mercury orbital launch definitely will be a manned flight, ruling out any more tests with animals.

Wildcat Strike Hits Pottery in Cambridge

Daring Engineer, 24 Friends Drive Berlin Train to Freedom

BERLIN (AP)—A daring railroad engineer and 24 friends and relatives hijacked an East German train Tuesday night and roared at 50 miles an hour past startled border guards to safety in West Berlin.

"We knew we would make it," said Harry Deterling, 28, the engineer. He said food shortages and political pressure had made life unbearable in East Germany.

Seven passengers not in on the plot—including the angry conductor—chose to return to the Communist sector. An East German switching locomotive pulled the steam locomotive and eight cars of the escape train back over the little-used section of track to East Germany.

The well-planned escape—hastened by reports the Communists were planning to block the section of track Dec. 10—came off without a hitch.

Border police, taken by surprise, didn't fire a shot.

Deterling said he began planning the escape last Thursday

Soviet Boosts Its Budget to Staggering High

MOSCOW (AP)—The Soviet government today announced a record-breaking 1962 budget, including a staggering hike in military spending of almost 50 per cent over that originally planned in 1961.

The original 1961 figure was boosted tremendously last July because of U.S. military measures taken to meet the Berlin defense crisis, Soviet Premier Khrushchev said then.

The over-all budget for 1962 totals 81.9 billion rubles, Finance Minister Vasily Garbuzov told the Supreme Soviet, the parliament of the Soviet Union, which began a session in the Grand Kremlin Palace today.

Garbuzov told the delegates defense expenditures in 1962 would total 13.4 billion rubles, or 16.7 per cent of the total, as compared with 9.22 billion rubles originally budgeted for 1961.

(Figured at the official rate of \$1.11 for the ruble, the total Soviet budget would be \$90 billion with \$14.8 billion for defense. But comparison of Soviet and American budgets is almost impossible. Many Soviet military expenses are buried in allocations ostensibly for civilian production.)

The new amount allotted to the Soviet armed forces is more than the billion rubles more than the total allotted on both a regular and emergency basis during 1961.

But this is no longer emergency financing, and it indicated the Soviet government expects world tension to stay at a high pitch during the coming year.

In the related field of science, which includes most programs of weapon development, the budget figure was set at 4.3 billion rubles. Last year it was 3.8 billion.

(The United States budgeted \$46.6 billion for defense in 1962. However, comparison of Soviet and American budgets is almost impossible. Many Soviet military expenses are buried in allocations ostensibly for civilian production.)

The 1962 budget is 3.6 billion rubles bigger than last year's, but Garbuzov said the government actually planned to spend only 80.3 billion rubles for 1961 also.

The Supreme Soviet is certain to approve the budget before conclusion of its session, which also will discuss the nation's 1962 economic plan and approve changes in the civil law code.

His decision to continue as chief U.S. delegate to the United Nations surprised political experts who believed Stevenson had not been in full agreement with some of the Kennedy administration's foreign policies. It was understood that in exchange for his agreement to remain, Kennedy would consult him more often.

Kennedy, who discussed the matter with Stevenson twice last weekend, issued this statement: "I am delighted at Gov. Stevenson's decision. I expressed to him this weekend my emphatic hope that he would continue at the United Nations and play an expanding role in the making and execution of our foreign policy."

"I believe that his work is vital to the cause of peace and of top importance to the country."

Press secretary Pierre Salinger declined to clarify the President's reference to Stevenson's "expanding" foreign policy role.

Housing Agency Demands Anti-Communist Oath

TAMPA, Fla. (AP)—The Tampa housing authority has tied the can to tenants who refuse to sign a non-Communist oath.

Authority director Thomas Dyer said his agency is requiring heads of family to sign an oath that they are not members of the Communist party. If they don't, said Dyer, out they go. Or if they are applicants for future housing, they don't get in.

U.N., Katanga Air Forces Join in Fighting in Congo

ELISABETHVILLE, Katanga (AP)—Air Forces went into action today in the fighting between the United Nations and Katanga.

The U.N. announced two of its 15 jets had destroyed a Katanga jet and three other Katanga planes in an aerial cannon attack on Kolwezi base.

On the other side, a Katanga plane—a bomber converted from a German-made Dornier transport—raided the main Elisabethville airport held by U.N. troops, and rapped three bombs. A U.N. spokesman said there were no serious casualties or damage.

It was the second day of fighting brought on by Katanga resistance to a U.N. mandate to pacify the Congo. The U.S. Air Force was cooperating with the United Nations by giving transport assistance, but Britain was declaring the U.N. forces have no right to impose a political solution by force.

In any case, it was evident that the U.N. command, reinforced with jets from Sweden, India and other nations, was able to make itself felt in the air this time as it was unable to do in September. At that time one or two Katanga jets succeeded in coving some of the U.N. ground forces.

The U.N. command said that two Indian Canberras attacked the Kolwezi base and left four Katanga planes in ruins, including a Fougat jet fighter.

A fuel depot and the tower at the strategic base were damaged, an announcement issued at Leopoldville said.

The U.N. spokesman said a two-engine Dornier of the Katanga air force was sighted, but ducked away before the U.N. planes could get to it.

Bigger Role In U.S. Policy Awaits Adlai

UNITED NATIONS, N.Y. (AP)—With President Kennedy's "delighted" approval and promise of a bigger part in U.S. foreign policy, Adlai E. Stevenson decided Tuesday to remain at his United Nations post and to pass up an Illinois race for the U.S. Senate.

Stevenson disclosed last Saturday that he was considering running for the seat held by Sen. Everett Dirksen, Republican Senate leader, at the request of Mayor Richard J. Daley of Chicago.

His decision to continue as chief U.S. delegate to the United Nations surprised political experts who believed Stevenson had not been in full agreement with some of the Kennedy administration's foreign policies. It was understood that in exchange for his agreement to remain, Kennedy would consult him more often.

Kennedy, who discussed the matter with Stevenson twice last weekend, issued this statement: "I am delighted at Gov. Stevenson's decision. Crash Ends Chase after Bank Bandit

HAMILTON, Ohio (AP)—A high-way crash Tuesday night cut short a police chase after a holdup of the Twinbrook branch of the Citizens Bank of Hamilton.

Police arrested a Cincinnati man in the car and said they recovered about \$6,800 in loot from his pockets.

Police said Roscoe Thomas, 34, was pinned in his car when it went off a curve on U.S. 27 and hit a tree, but was not hurt seriously.

No charge was filed immediately.

Teller Kenneth R. Christ said the bandit had returned to the bank at the 6 p.m. closing time after trying unsuccessfully a few minutes earlier to cash a check drawn on another bank. Christ said the man jabbed a pistol at him and ordered the teller to hand over the contents of a cash drawer.

Although the man warned them not to sound the alarm, bank officials tripped the warning system as soon as the bandit drove off.

Reeves To Seek Post

CLEVELAND (AP)—Allan F. Reeves of Cleveland, former aide to U.S. Sen. Stephen M. Young, has announced plans to seek the Democratic nomination for Ohio congressman-at-large next year.

ported earlier that Swedish jet fighters attacked the Kolwezi base, northwest of Elisabethville.

He said a Katanga Fougat jet got off the ground but made a forced landing near Luluabourg in adjoining Kasai Province.

On the ground, mortar blasts shook the residential area near U.N. headquarters and an old airport northwest of the city where Katanga forces were deployed.

At Leopoldville, the U.N. command announced that its 15-jet air force had been ordered to attack other Katanga air forces at Jadotville, 65 miles northwest of Elisabethville.

Six U.S. Air Force Globemasters took off from Leopoldville loaded

with armored cars and anti-aircraft guns for Elisabethville.

The United Nations steadily reinforced its ground troops. About 300 Swedes arrived from Stockholm and another 350 Irish soldiers were enroute from Dublin.

Information Minister Albert Ntombi told newsmen Katanga mortar fire had driven the United Nations from its headquarters in Elisabethville, but Abdul Latif Sugar, deputy U.N. civilian chief, denied this. He said Katanga mortar shells burst in the area occasionally and some had scored hits.

At the old airfield northwest of the city, a U.N. spokesman said, Katanga soldiers were being re-

Police, Fire Pay Increases Fail; New Proposal Is Due

Two ordinances calling for pay raises for Circleville Policemen and Firemen failed to gain passage on third reading last night in City Council.

Although the measures were defeated, Councilmen agreed that a new blanket ordinance outlining raises for all city employees will be submitted at the next meeting. The amounts of increases for the various departments were not disclosed.

City policemen and firemen approached Council with the pay hike ordinances on Aug. 16. Third readings on the measures were postponed from meeting to meeting until last night.

According to Council's finance committee, the raises were not immediately forthcoming due to lack of funds. A special financial report submitted in September indicated a low balance in the general fund at the end of 1961.

BOTH the police and fire requests were for pay increases amounting to about 10 per cent of present salaries. Originally, the departments sought hikes of about 15 per cent, but later trimmed the figure to 10.

According to the first ordinance, the new pay scale for the two departments would have amounted to an increase of about \$7,230. Police and fire representatives contended the money was available in departmental appropriations.

The new proposal for blanket in-

creases will be under study until the next meeting. Some Councilmen were inclined to believe the forthcoming figures will be lower than the original police and fire requests.

JFK To Get Protection on Latin Journey

WASHINGTON (AP)—President Kennedy's journey to Latin America undoubtedly will call forth special precautions for his safety.

His first stop on Dec. 16 will be Caracas, Venezuela. That was the site 2½ years ago of riots in which then Vice President and Mrs. Richard M. Nixon were stoned and spat upon in one of the most hostile demonstrations ever made against an American official of such high stature.

This will be in the mind of the U.S. Secret Service, whose duty it is to protect the President. This fact is underscored by the stoning Monday night of cars bringing six U.S. senators into Caracas from the airport. Stones flew when the cavalcade stalled in traffic before a high school and students cut loose. There have been a number of student demonstrations over the past few weeks, following Venezuela's cutting off diplomatic ties with Fidel Castro's Cuba.

The visiting senators passed off the attack on them as something from a few trouble makers. U.S. Embassy officials said they were confident that Venezuela would tighten the protection for President Kennedy.

Mayor Is Rough On Drunk Drivers

STUEBENVILLE, Ohio (AP)—Three Jefferson County men have discovered that Wintersville Mayor John Lenhart lives up to his boast that "I'm pretty rough on DWIs (driving while intoxicated)."

Frank Dorsey of Richmond and Clyde Winland and James Furbie, both of Wintersville, were fined \$500 each and given jail sentences ranging from three to ten days Tuesday on charges of driving while intoxicated.

When Winland and Furbie said they could not pay the fine, Mayor Lenhart sentenced Winland to 169 days in jail and Furbie, who also was given a 10-day sentence plus his fine, received a total of 185 days.

Lower Tariffs On Both Sides To Be Sought

NEW YORK (AP)—President Kennedy called today for a lowering of tariffs in a "new and bold" program to frustrate Communist plans for economic encirclement of the West.

He urged U.S. cooperation with the European Common Market along with lower tariffs to stimulate trade among friendly nations.

If the nations of the West can agree "on a common program of action as extraordinary in economic history as the North Atlantic Treaty Organization was unprecedented in military history," the President said, "the long-range Communist aim of dividing and encircling us all is doomed to failure."

"I am not proposing—nor is it either necessary or desirable—that we join the Common Market, alter our concepts of political sovereignty, establish a 'rich man's' trading community, abandon our traditional most-favored nation policy, create an Atlantic free trade area or impair in any way our close economic ties with Canada, Japan and the rest of the free world," he said.

Kennedy picked a conference of industrialists to preview in broad terms the authority he will seek from Congress to give him greater freedom in bargaining for tariff favors.

That authority would reduce levies on some U.S. imports and increase foreign competition with U.S. industry.

But, Kennedy said in a speech prepared for the National Association of Manufacturers congress of American industry: "Economic isolation and political leadership are wholly incompatible."

He said that reciprocal cuts in tariffs on both sides of the Atlantic would increase U.S. sales abroad and thus strengthen both this country and its allies.

He called for economic cooperation between the United States and the European Common Market, an association of six nations in which Great Britain has applied for membership. Some 90 per cent of free world industrial production may soon be concentrated in these two great markets, he said.

"I am proposing, in short, a new American trade initiative which will make it possible for the economic potential of these two great markets to be harnessed together into a team capable of pulling the full weight of our common military, economic and political aspirations," Kennedy said.

The President confirmed speculation that he would ask Congress for power to bargain with other nations for tariff reductions by such entire categories of goods as industrial equipment or textiles, for example, instead of item-by-item.

Tariff negotiations under the reciprocal trade agreements law now are limited to a tit-for-tat easing of barriers on single goods. That law expires next June.

"It must not simply be renewed," Kennedy said. "It must be replaced."

The President did not give any particulars on the authority he

Matter of fact, the performers in John Torp's circus are fleas. The little varmints live only four or five months, and they won't breed in cold weather.

"Nationwide, there's no shortage of fleas," Torp said, "but they're hard to find here right now."

Just any old flea can't join the circus. Cat and dog fleas, which will breed almost any place, won't do.

"What I want are the large black, six-legged fleas—like you find on people," he said.

Gis Travel Autobahn

BERLIN (AP)—The U.S. Army reported that an infantry company left Berlin today over the 110-mile autobahn connecting West Berlin with West Germany and cleared Soviet controls without a single hitch.

"at that point the state has full authority to place wards in institutions, but the state cannot arbitrarily veto the order of the court commitment."

Judge James F. Bell asked what the state was supposed to do with such wards—"let them sit out on the front steps?"

Chief Justice Carl V. Weyandt also asked if Heitzler felt the state must accept all those committed.

"Yes," Heitzler answered, "and not let them sit out on the front steps."

Sol Isaac of Columbus, appearing for the Ohio Juvenile Judges Association, described the quota system as a clear invasion of the judicial function.

"We feel that it is illegal," he told the court.

Theodore R. Saker, first assistant attorney general, defended the refusal of Haines to accept admissions outside the quota system. He described the two industrial schools as institutions for academic and moral training of those committed. He said commitments to both schools created such overcrowding that a quota system appeared to be the only way that functions of the institutions could be carried out as prescribed by the legislature.

Since imposition, the freeze has been lifted at the Delaware school but remains partially in effect at Lancaster.

Lancaster inmates now number about 525, a reduction from approximately 850, state officials reported. Capacity is 500 inmates. The thaw on the freeze at the Delaware school followed a late October drop in inmates from about 300 to the capacity level of 200.

Orbit Set For January

WASHINGTON (AP)—The first U.S. attempt to send a man into orbit was scheduled today for early January.

The postponement until after the Christmas holidays was announced by the space agency which already has assigned astronaut John H. Glenn Jr. for the attempt to orbit a Mercury capsule.

Previously the hope had been to make the manned shot this year, perhaps as early as Dec. 20.

The National Aeronautics and Space Administration announced that the next Mercury orbital launch definitely will be a manned flight, ruling out any more tests with animals.

Daring Engineer, 24 Friends Drive Berlin Train to Freedom

BERLIN (AP)—A daring railroad engineer and 24 friends and relatives hijacked an East German train Tuesday night and roared at 50 miles an hour past startled border guards to safety in West Berlin.

"We knew we would make it," said Harry Deterling, 28, the engineer. He said food shortages and political pressure had made life unbearable in East Germany.

Seven passengers not in on the plot—including the angry conductor—chose to return to the Communist sector. An East German switching locomotive pulled the steam locomotive and eight cars of the escape train back over the little-used section of track to East Germany.

The well-planned escape—hastened by reports the Communists were planning to block the section of track Dec. 10—came off without a hitch.

Border police, taken by surprise, didn't fire a shot. Deterling said he began planning the escape last Thursday

Soviet Boosts Its Budget to Staggering High

MOSCOW (AP)—The Soviet government today announced a record-breaking 1962 budget, including a staggering hike in military spending of almost 50 per cent over that originally planned in 1961.

The original 1961 figure was boosted tremendously last July because of U.S. military measures taken to meet the Berlin defense crisis, Soviet Premier Khrushchev said then.

The over-all budget for 1962 totals 81.9 billion rubles, Finance Minister Vasily Garbuzov told the Supreme Soviet, the parliament of the Soviet Union, which began a session in the Grand Kremlin Palace today.

Garbuzov told the delegates defense expenditures in 1962 would total 13.4 billion rubles, or 16.7 per cent of the total, as compared with 9.22 billion rubles originally budgeted for 1961.

(Figured at the official rate of \$1.11 for the ruble, the total Soviet budget would be \$90 billion with \$14.8 billion for defense. But comparison of Soviet and American budgets is almost impossible. Many Soviet military expenses are buried in allocations ostensibly for civilian production.)

The new amount allotted to the Soviet armed forces is more than a billion rubles more than the total allotted on both a regular and emergency basis during 1961.

But this is no longer emergency financing, and it indicated the Soviet government expects world tension to stay at a high pitch during the coming year.

In the related field of science, which includes most programs of weapon development, the budget figure was set at 4.3 billion rubles. Last year it was 3.8 billion.

(The United States budgeted \$46.6 billion for defense in 1962. However, comparison of Soviet and American budgets is almost impossible. Many Soviet military expenses are buried in allocations ostensibly for civilian production.)

The 1962 budget is 3.6 billion rubles bigger than last year's, but Garbuzov said the government actually planned to spend only 80.3 billion rubles.

He reported a surplus of 1.6 billion rubles for 1961 also.

The Supreme Soviet is certain to approve the budget before conclusion of its session, which also will discuss the nation's 1962 economic plan and approve changes in the civil law code.

Wildcat Strike Hits Pottery in Cambridge

CAMBRIDGE, Ohio (AP)—An unauthorized strike at the Universal Pottery plant here broke out Tuesday over the discharging of an employee, an action members of Local 243, International Brotherhood of Operating Potters, termed a violation of their contract.

The plant employs in excess of 200 persons.

Stevenson disclosed last Saturday that he was considering running for the seat held by Sen. Everett Dirksen, Republican Senate leader, at the request of Mayor Richard J. Daley of Chicago.

His decision to continue as chief U.S. delegate to the United Nations surprised political experts who believed Stevenson had not been in full agreement with some of the Kennedy administration's foreign policies. It was understood that in exchange for his agreement to remain, Kennedy would consult him more often.

Kennedy, who discussed the matter with Stevenson twice last weekend, issued this statement: "I am delighted at Gov. Stevenson's decision. I expressed to him this weekend my emphatic hope that he would continue at the United Nations and play an expanding role in the making and execution of our foreign policy."

"I believe that his work is vital to the cause of peace and of top importance to the country."

Press secretary Pierre Salinger declined to clarify the President's reference to Stevenson's "expanding" foreign policy role.

Housing Agency Demands Anti-Communist Oath

TAMPA, Fla. (AP)—The Tampa housing authority has tied the can to tenants who refuse to sign a non-Communist oath.

Authority director Thomas Dyer said his agency is requiring heads of family to sign an oath that they are not members of the Communist party. If they don't, said Dyer, out they go. Or if they are applicants for future housing, they don't get in.

U.N., Katanga Air Forces Join in Fighting in Congo

ELISABETHVILLE, Katanga (AP)—Air Forces went into action today in the fighting between the United Nations and Katanga.

The U.N. announced two of its 15 jets had destroyed a Katanga jet and three other Katanga planes in an aerial cannon attack on Kolwezi base.

On the other side, a Katanga plane—a bomber converted from a German-made Dornier transport—raided the main Elisabethville airport held by U.N. troops, and dropped three bombs. A U.N. spokesman said there were no serious casualties or damage.

It was the second day of fighting brought on by Katanga resistance to a U.N. mandate to pacify the Congo. The U.S. Air Force was cooperating with the United Nations by giving transport assistance, but Britain was declaring the U.N. forces have no right to impose a political solution by force.

In any case, it was evident that the U.N. command, reinforced with jets from Sweden, India and other nations, was able to make itself felt in the air this time as it was unable to do in September. At that time one or two Katanga jets succeeded in cowing some of the U.N. ground forces.

The U.N. command said that two Indian Canberras attacked the Kolwezi base and left four Katanga planes in ruins, including a Fouga jet fighter.

A fuel depot and the tower at the strategic base were damaged, an announcement issued at Leopoldville said.

The U.N. spokesman said a two-engine Dornier of the Katanga air force was sighted, but ducked away before the U.N. planes could get to it.

Bigger Role In U.S. Policy Awaits Adlai

UNITED NATIONS, N.Y. (AP)—With President Kennedy's "delighted" approval and promise of a bigger part in U.S. foreign policy, Adlai E. Stevenson decided Tuesday to remain at his United Nations post and to pass up an Illinois race for the U.S. Senate.

Stevenson disclosed last Saturday that he was considering running for the seat held by Sen. Everett Dirksen, Republican Senate leader, at the request of Mayor Richard J. Daley of Chicago.

His decision to continue as chief U.S. delegate to the United Nations surprised political experts who believed Stevenson had not been in full agreement with some of the Kennedy administration's foreign policies. It was understood that in exchange for his agreement to remain, Kennedy would consult him more often.

Kennedy, who discussed the matter with Stevenson twice last weekend, issued this statement: "I am delighted at Gov. Stevenson's decision. Reeves To Seek Post

CLEVELAND (AP)—Allan F. Reeves of Cleveland, former aide to U.S. Sen. Stephen M. Young, has announced plans to seek the Democratic nomination for Ohio congressman at large next year.

ported earlier that Swedish jet fighters attacked the Kolwezi base, northwest of Elisabethville. He said a Katanga Fouga jet got off the ground but made a forced landing near Luluabourg in adjoining Kasai Province.

On the ground, mortar blasts shook the residential area near U.N. headquarters and an old airport northwest of the city where Katangan forces were deployed. At Leopoldville, the U.N. command announced that its 15-jet air force had been ordered to attack other Katanga air forces at Jadotville, 65 miles northwest of Elisabethville.

Six U.S. Air Force Globemasters took off from Leopoldville loaded

with armored cars and anti-aircraft guns for Elisabethville.

The United Nations steadily reinforced its ground troops. About 300 Swedes arrived from Stockholm and another 350 Irish soldiers were enroute from Dublin.

Information Minister Albert Ntembo told newsmen Katanga mortar fire had driven the United Nations from its headquarters in Elisabethville, but Abdul Latif Sugar, deputy U.N. civilian chief, denied this. He said Katanga mortar shells burst in the area occasionally and some had scored hits.

At the old airfield northwest of the city, a U.N. spokesman said, Katanga soldiers were being re-

Police, Fire Pay Increases Fail; New Proposal Is Due

Two ordinances calling for pay raises for Circleville Policemen and Firemen failed to gain passage on third reading last night in City Council.

Although the measures were defeated, Councilmen agreed that a new blanket ordinance outlining raises for all city employees will be submitted at the next meeting. The amounts of increases for the various departments were not disclosed.

City policemen and firemen approached Council with the pay hike ordinances on Aug. 16. Third readings on the measures were postponed from meeting to meeting until last night.

According to Council's finance committee, the raises were not immediately forthcoming due to lack of funds. A special financial report submitted in September indicated a low balance in the general fund at the end of 1961.

BOTH the police and fire requests were for pay increases amounting to about 10 per cent of present salaries. Originally, the departments sought hikes of about 15 per cent, but later trimmed the figures to 10.

According to the first ordinances, the new pay scale for the two departments would have amounted to an increase of about \$7,230. Police and fire representatives contended the money was available in departmental appropriations.

The new proposal for blanket in-

creases will be under study until the next meeting. Some Councilmen were inclined to believe the forthcoming figures will be lower than the original police and fire requests.

JFK To Get Protection on Latin Journey

WASHINGTON (AP)—President Kennedy's journey to Latin America undoubtedly will call forth special precautions for his safety.

His first stop on Dec. 16 will be Caracas, Venezuela. That was the site 2½ years ago of riots in which then Vice President and Mrs. Richard M. Nixon were stoned and spat upon in one of the most hostile demonstrations ever made against an American official of such high stature.

This will be in the mind of the U.S. Secret Service, whose duty it is to protect the President. This fact is underscored by the stoning Monday night of cars bringing six U.S. senators into Caracas from the airport. Stones flew when the cavalcade stalled in traffic before a high school and students cut loose. There have been a number of student demonstrations over the past few weeks, following Venezuela's cutting off diplomatic ties with Fidel Castro's Cuba.

The visiting senators passed off the attack on them as something from a few trouble makers. U.S. Embassy officials said they were confident that Venezuela would tighten the protection for President Kennedy.

Mayor Is Rough On Drunk Drivers

STUEBENVILLE, Ohio (AP)—Three Jefferson County men have discovered that Winterville Mayor John Lenhart lives up to his boast that "I'm pretty rough on DWIs (driving while intoxicated)."

Frank Dorsey of Richmond and Clyde Winland and James Furbie, both of Winterville, were fined \$500 each and given jail sentences ranging from three to ten days Tuesday on charges of driving while intoxicated.

When Winland and Furbie said they could not pay the fine, Mayor Lenhart sentenced Winland to 169 days in jail and Furbie, who also was given a 10-day sentence plus his fine, received a total of 185 days.

Lower Tariffs On Both Sides To Be Sought

NEW YORK (AP)—President Kennedy called today for a lowering of tariffs in a "new and bold" program to frustrate Communist plans for economic encirclement of the West.

He urged U.S. cooperation with the European Common Market along with lower tariffs to stimulate trade among friendly nations.

If the nations of the West can agree "on a common program of action as extraordinary in economic history as the North Atlantic Treaty Organization was unprecedented in military history," the President said, "the long-range Communist aim of dividing and encircling us all is doomed to failure."

"I am not proposing—or is it either necessary or desirable—that we join the Common Market, alter our concepts of political sovereignty, establish a 'rich man's' trading community, abandon our traditional most-favored nation policy, create an Atlantic free trade area or impair in any way our close economic ties with Canada, Japan and the rest of the free world," he said.

Kennedy picked a conference of industrialists to preview in broad terms the authority he will seek from Congress to give him greater freedom in bargaining for tariff favors.

That authority would reduce levies on some U.S. imports and increase foreign competition with U.S. industry.

But, Kennedy said in a speech prepared for the National Association of Manufacturers congress of American industry: "Economic isolation and political leadership are wholly incompatible."

He said that reciprocal cuts in tariffs on both sides of the Atlantic would increase U.S. sales abroad and thus strengthen both this country and its allies.

He called for economic cooperation between the United States and the European Common Market, an association of six nations in which Great Britain has applied for membership. Some 90 per cent of free world industrial production may soon be concentrated in these two great markets, he said.

"I am proposing, in short, a new American trade initiative which will make it possible for the economic potential of these two great markets to be harnessed together into a team capable of pulling the full weight of our common military, economic and political aspirations," Kennedy said.

The President confirmed speculation that he would ask Congress for power to bargain with other nations for tariff reductions by such entire categories of goods as industrial equipment or textiles, for example, instead of item-by-item.

Tariff negotiations under the reciprocal trade agreements law now are limited to a tit-for-tat easing of barriers on single goods. That law expires next June.

"It must not simply be renewed," Kennedy said. "It must be replaced."

The President did not give any particulars on the authority he

Firm Named 'Courtesy' Gets 675 Summonses

CHICAGO (AP)—A company named Courtesy has been served with 675 summonses for traffic violations from 1958 through 1960. The firm is Courtesy Lease-Save Plan, Inc., a division of Courtesy Motor Sales, Inc.

Police Capt. John J. Nelligan said each offense carries a maximum fine of \$200 upon conviction. Jim Moran, owner of the parent firm, said he doesn't know whether the leasing company or its customers can be held liable for violations by drivers of rented autos.

Council Approves Appropriations

City Council last night approved an appropriations ordinance outlining current and other expenses for Circleville for 1962.

The largest single appropriation, \$244,608, was for general fund expenditures. Estimated receipts for this fund are \$216,098.99 leaving a balance of \$1,490.99.

Anticipated general fund expenditures including salaries and other expenditures: police department, \$71,400; fire department, \$40,350; Council, \$5,200; clerk of council, \$1,000; mayor, \$1,600; auditor, \$7,000; treasurer, \$825; solicitor, \$4,700; legal advertising, \$1,200; Municipal Court, \$27,780; civil service commission, \$470; miscellaneous expenses, \$54,410; health department, \$12,800; service department, \$11,600.

Appropriations for the street construction, maintenance and repair fund totaled \$80,260. Estimated revenue was set at \$82,004.54, leaving a balance of \$1,744.54.

THE LARGEST single appropriation within the street construction, maintenance and repair fund was \$31,000 for payroll purposes. Another \$21,000 was earmarked for materials and \$10,000 for major street reconstruction.

A total of \$13,750 was appropriated

from the state highway improvement fund, representing 7 1/2 per cent of local auto license and gasoline tax. Estimated revenue was set at \$13,762.64.

The water works fund appropriation was established at \$105,670, including a \$30,000 transfer to the sinking fund. Estimated 1962 revenue for this fund is \$138,000, leaving a revenue balance of \$32,330.

The sewage fund budget for 1962 was set at \$47,937.50. Revenue for the year was estimated at \$49,000, leaving a balance of \$1,062.50.

Lower Tariffs

wants, but he left no doubt that he would launch at once his own campaign for a greater flow of international trade.

In direct reply to such critics as Sen. Barry Goldwater, R-Ariz., Kennedy emphasized that he was not advocating that the United States join the Common Market with France, Italy, West Germany, Belgium, the Netherlands and Luxembourg.

Neither, Kennedy said, does he propose "that in setting new policies on imports we do away altogether with our traditional safeguards and institutions." He said tariffs can be used to cushion the effects on competitive U.S. industries instead of solely to shut out competition from abroad.

Moreover, he said, the federal government can help affected companies, workers and communities. He told the industrialist he would have more to say on that subject when he addresses the AFL-CIO in Miami Beach, Fla., Thursday.

Kennedy tipped off organized labor that he also would stress in his AFL-CIO speech "its responsibility for price stability" to enable the United States to compete on world markets.

The President acknowledged that his new policy would increase imports but said exports would mount even more. "And we need those imports if other nations are to have the money to buy our exports and the incentive to lower their tariff barriers," he said.

Kennedy made clear that he would press for his administration's proposals to stimulate investment in new equipment by giving tax credits and to close tax loopholes which encourage businessmen to send capital abroad.

At the same time, he said his administration has no thought of "imposing exchange controls, devaluing the dollar, raising trade barriers or choking off our economic recovery."

Sheriff Elected To BSSA Office

Pickaway County Sheriff Walton W. Spangler was elected to a position on the Board of Governors of the Buckeye State Sheriff's Association yesterday in Columbus.

Sheriff Spangler and his wife attended the two-day annual meeting of the BSSA at the Deshler-Hotel, Columbus, which ended last night. The sheriff and Pike County Sheriff Jesse Foster will serve as members of the board from the Southwestern District of the BSSA.

Youth, 15, Confesses Assaulting 4 Women

CINCINNATI (AP)—Police say a 15-year-old youth, tracked down through a record of similar offenses in Butler County, has admitted assaulting four women recently, including the wife of Cincinnati Reds pitcher Jim O'Toole.

Officers said a probation worker, Miss Jane Skiff, led police to the youth Tuesday.

City Court Receipts Show \$6,846 Total

Circleville Municipal Court's receipts for November totaled \$6,846, according to a report compiled today by Mrs. Naomi Houghton, clerk of the court.

The report also disclosed that a total of 225 cases were disposed of during the month. Sixteen of the cases were civil suits and the remaining 209 were criminal.

A breakdown of total receipts shows: fines and bond forfeitures, \$4,721.15; court costs, \$2,069.45; and parking ticket violations, \$56.

Disbursement of the month's collections was made to: City of Circleville, \$4,400.26; Pickaway County, \$986.18; Auditor of State (45 per cent of Highway Patrol fines), \$1,247.26; Sheriff of Pickaway County, \$23; and other miscellaneous disbursements such as subpoena fees of court cases.

A total of \$254.33 in court costs is due from civil cases disposed of by the court.

Loan Shares Show Climb

NEW YORK (AP)—A recovery in the savings and loan shares and a firm tone among aircraft-missiles highlighted a mixed stock market early this afternoon.

The Associated Press average of 60 stocks at noon was off 30 at 265.70 with industrials down .50, rails up .10 and utilities down .40.

Most key stocks showed gains or losses of fractions to about a point. The badly battered savings and loans rebounded from fractions to about 4 points as traders picked them up at depressed prices.

The aircraft-missiles were bolstered by a news report that the Pentagon is understood to want \$51 billion in appropriations for the next fiscal year compared with an estimated \$47 billion in defense spending in the current fiscal year. The fighting in Katanga underlined the importance of preparedness.

Drivers Needed For SEC Routes

The call has gone out for several drivers to transport students to and from classes at the School for Exceptional (retarded) Children, according to officials of the sponsoring Pickaway County Child Welfare Board.

Classes begin at 9 a. m. and students are returned to their homes at 2 p. m. Mileage fees will be paid to drivers.

Persons interested in operating one of the cars needed for the school should contact Mrs. Mary May Yates at the CWB office in the rear of the Courthouse basement.

Deaths

MISS ANNA BUTTS

A funeral mass will be offered at 10 a. m. Saturday in St. Joseph's Catholic Church for Miss Anna Butts, 73, of 222 S. Pickaway St., who died at 4 a. m. yesterday in Berger Hospital.

Survivors include a brother, Henry S. Butts, Route 1, Williamsport. Friends may call at the residence of Mrs. Regina Carle, 222 S. Pickaway St., beginning 2 p. m. tomorrow.

Burial will be in St. Joseph's Cemetery.

MRS. HELEN H. ELLIS

Mrs. Helen Holderman Ellis, 69, Kingston, died yesterday in Berger Hospital.

She was born June 27, 1892, in Pickaway Twp., the daughter of John S. and Carrie Downs Holderman.

Mrs. Ellis, a graduate of Kingston High School, class of 1910, attended Wooster College, where she was a member of Kappa Alpha Theta Sorority.

She was married to A. D. Ellis on Nov. 14, 1914, who survives.

Other survivors are: two sons, John H., a member of the U. S. Marine Corps, stationed in Okinawa, and Tom L. Ellis, Memphis, Tenn.; her mother and sister, Mildred Holderman, Kingston; and a sister, Mrs. J. P. Harmon, Greensburg, Pa.

Mrs. Ellis was a member of the Kingston Methodist Church and a member of the women's organizations of the church, a charter member and matron of the Kingston Order of Eastern Star, past regent of the National Massie Chapter of the Daughters of the American Revolution and the Chillicothe Century Club.

Services will be 11 a. m. Friday in the Hill Funeral Home, Kingston, with the Rev. Paul Wachs and the Rev. Dr. J. D. Harmon officiating. Burial will be in Mount Pleasant Cemetery.

Friends may call at the funeral home beginning 6:30 p. m. tomorrow.

The Katanga spokesman said the United Nations had withdrawn from the Lido Hotel, a rest area and one of the four U.N. points in the city.

Katanga broadcasts urged the people to fight.

"The United Nations has declared war on the little people of Katanga," one broadcast said. "The hour is grave, the moment has come. Arm yourself, sons and daughters of Katanga, arm yourself wherever you are, in your homes, your fields, your villages. Take up your spears and arrows and fight."

Each side accused the other of treachery Tuesday in the outbreak of fighting. The conflict followed a U.N. Security Council order to the U.N. Command to employ force if necessary to oust mercenaries in Katanga. The council has adopted a policy against Katanga's secession from the Congo.

The United Nations charged that Katangans secretly prepared a sneak attack while agreeing to remove roadblocks erected against U.N. movements.

Council Approves Appropriations

City Council last night approved an appropriations ordinance outlining current and other expenses for Circleville for 1962.

The largest single appropriation, \$244,608, was for general fund expenditures. Estimated receipts for this fund are \$246,098.99 leaving a balance of \$1,490.99.

Anticipated general fund expenditures including salaries and other expenditures: police department, \$71,400; fire department, \$40,350; Council, \$5,200; clerk of council, \$1,000; mayor, \$1,600; auditor, \$7,000; treasurer, \$825; solicitor, \$4,700; legal advertising, \$1,200; Municipal Court, \$27,780; civil service commission, \$470; miscellaneous expenses, \$54,410; health department, \$12,800; service department, \$11,600.

Appropriations for the street construction, maintenance and repair fund totaled \$80,260. Estimated revenue was set at \$82,004.54, leaving a balance of \$1,744.54.

THE LARGEST single appropriation within the street construction, maintenance and repair fund was \$31,000 for payroll purposes. Another \$21,000 was earmarked for materials and \$10,000 for major street reconstruction.

A total of \$13,750 was appropriated

ed from the state highway improvement fund, representing 7 1/2 per cent of local auto license and gasoline tax. Estimated revenue was set at \$13,762.64.

The water works fund appropriation was established at \$105,670, including a \$30,000 transfer to the sinking fund. Estimated 1962 revenue for this fund is \$138,000, leaving a revenue balance of \$32,330.

The sewage fund budget for 1962 was set at \$47,937.50. Revenue for the year was estimated at \$49,000, leaving a balance of \$1,062.50.

The Light Side

ACCORDING to Jaycees President William Stout, more than 2-100 children have visited the Santa Claus headquarters at E. Main St. . . Plenty more are expected between now and Dec. 25. . .

So far Santa has had one minor problem to face . . . It seems his supply of candy canes for the kids was quickly exhausted . . . A quantity of jawbreakers was rushed in as a substitute.

JACK WEIKERT, head basketball coach and teacher at CHS, is still wondering what happened to his classroom chair this week. . . The usual sturdy piece of furniture suddenly collapsed while class was in session . . . There is some suspicion it was rigged.

Scout Council To Be Briefed

A long list of reports, headed by a series of progress reports on seven area units, tops the agenda for a regular monthly meeting of the Pickaway Boy Scout District executive council at 7 p. m. tomorrow in the Trinity Lutheran Church Parish House.

Scheduled for consideration by the group will be advancement reports, health and safety studies, training course summaries, a financial review including reports on the Camp Development Fund and the final Community Fund collection, and general advisory studies.

Harry Diehl, district chairman, urged all representatives to attend the session.

Yuletide Cheer

Sought by CWB

Gifts for children in foster homes throughout the county may still be contributed in time for the Christmas holidays, Mrs. Mary May Yates, executive secretary of the Child Welfare Board, has announced.

Donors may bring their gifts to the CWB office at the rear of the Courthouse basement or call for collection. The presents will be distributed a few days before Dec. 25.

SPEAKING of Christmas beauty, the County Engineer's office may have gotten the jump in timing on other courthouse departments, but it is being matched in holiday splendor. . .

The Clerk of Courts office, particularly, presents a pleasing sight to the eye with its tinsel and greenery hung from light standards above the room. . .

Unfortunately, Clerk James Mowery isn't there to enjoy the scene . . . He is recovering from an ankle injury at his home.

Lower Tariffs

(Continued from Page 1)
wants, but he left no doubt that he would launch at once his own campaign for a greater flow of international trade.

In direct reply to such critics as Sen. Barry Goldwater, R-Ariz., Kennedy emphasized that he was not advocating that the United States join the Common Market with France, Italy, West Germany, Belgium, the Netherlands and Luxembourg.

Neither, Kennedy said, does he propose "that in setting new policies on imports we do away altogether with our traditional safeguards and institutions." He said tariffs can be used to cushion the effects on competitive U.S. industries instead of solely to shut out competition from abroad.

Moreover, he said, the federal government can help affected companies, workers and communities. He told the industrialist she would have more to say on that subject when he addresses the AFL-CIO in Miami Beach, Fla., Thursday.

Kennedy tipped off organized labor that he also would stress in his AFL-CIO speech "its responsibility for price stability" to enable the United States to compete on world markets.

The President acknowledged that his new policy would increase imports but said exports would mount even more. "And we need those imports if other nations are to have the money to buy our exports and the incentive to lower their tariff barriers," he said.

Kennedy made clear that he would press for his administration's proposals to stimulate investment in new equipment by giving tax credits and to close tax loopholes which encourage businessmen to send capital abroad.

At the same time, he said his administration has no thought of "imposing exchange controls, devaluing the dollar, raising trade barriers or choking off our economic recovery."

Party Sued

Leader of the Free Democratic Party in West Germany is being sued by a young dentist in Bonn for "breach of trust." It is alleged the politician broke a campaign promise that his party would not join a coalition with Chancellor Adenauer.

The supreme court may hear the case, which raises a frightening prospect: That politicians, if they do not honor their campaign pledges, may be taken to court for what amounts to breach of promise.

That's an absurd proposition. If elected representatives in the U. S. failed to make

Christmas Trees Big Business

The Christmas tree industry is a gigantic multi-million dollar business, perhaps exceeding \$75 million at the retail level in the U. S. This year an estimated total of 40 million trees will be sold.

Harvesting of trees begins about 10 weeks before Christmas. The trees are selected, cut, moved to concentration

yards, sorted, sometimes tagged, trimmed, bundled and hauled to a shipping center. Labor and transportation represent much of the cost. Millions of trees are exported from Canada to the U.S. each year.

A Christmas tree, big or little, indoors or out, is a symbol everywhere of the living Christmas spirit.

Emergency Calls Catalogued

NEW YORK (AP) — Now and then a memo such as this is circulated in every office in America:

"These phones are strictly for the conduct of company business, upon which the livelihood of the firm depends. Employees wishing to make emergency private calls during working hours will please use the pay telephones in the corridor."

Management always launches these memos with high hopes, but they would be just as effective if they were printed in Chinese, and floated out to sea in a sealed bottle.

For a day or two the hired hands dutifully drop their coins in the pay phone, then they go back one by one, to slipping their private calls through the office switchboard again.

In two weeks everything is back to normal, which means—the switchboard is so swamped with personal calls that anyone having to make a call on company business has to go out and use the pay phone in the corridor.

Who makes all these private calls, and what is the desperate nature of their emergencies? Well, here are a few typical characters you have probably overheard in your own office:

Hungry Harry—Life is just one long coffee break to him. Three times a day he phones the drug

store lunch counter for java, sandwiches, doughnuts, pie, and cheesecake. At 5:15 he makes his final call: "Rush up some sodium bicarb, Joe; my stomach feels kinda tense."

Helpful Herbert — In the sweet name of charity he calls a dozen acquaintances a day to sell tickets for his lodge's latest raffle. "For only four-bits you get a chance to win a \$4,000 convertible and a free trip to Puerto Rico," he says. "How many shall I put you down for?" For every 12 tickets he sells, Herb gets a free one himself.

High-fashion Hortense—The secretary does her shopping by phone whenever the boss is in conference. "What have you got new in cocktail dresses at about \$39.95?" she asks her favorite department store saleslady. And that ties up that phone line for 45 minutes.

Odds-On Ollie—The office gambler usually places four calls with his bookie in the morning, and three in the afternoon. The bookie usually calls him back three times in the morning and four times in the afternoon. Net result at closing time: Ollie has lost two bucks.

Casanova Charlie—He picks up his desk phone and croons to Nellie, the giddy new switchboard operator. "Talk to me, baby, I've had a lonesome life." While he and Nellie pitch vocal woo, the switchboard is tied up completely. She can't be bothered putting

through any other calls.

Homebody Hubert—Every half hour he phones home to see if his shirts got back from the laundry, if the baby has broken out with the measles or a new tooth, if his wife wants to go to a movie that night, if so, which movie, to ask what'll they have for dinner, should he stop to pick up anything, and whether anything new has happened since he called half an hour before.

Old Bubblehead Himself—The boss only makes two kinds of personal calls. In the morning he phones seven to eight executive buddies in other firms trying to set up a golf foursome. In the afternoon—if he isn't playing golf—he phones his broker six times to say, "Remember now, if Amalgamated Twiddlywinks goes up to 87, sell every share I've got and put it all in International Wadgets, that is, if International Wadgets is holding steady."

The great mystery of American industry is this: "With all these emergency personal messages tying up office switchboards, how does any business firm ever manage to get any business done?"

The answer is simple. No business is transacted in offices anymore. It's all done in restaurants during those three-hour lunches. The office phones are now merely another employee fringe benefit.

The Business World

NEW YORK (AP)—Americans are smoking more cigars this year than any time since 1923—fewer from Havana this year than last, but more made of tobacco grown in the Philippines, Sumatra, Java and Puerto Rico.

Uncle Sam's troubles with Fidel Castro as yet have brought no ban on tobacco imports—as they did long against sugar, an embargo extended Monday by President Kennedy until next June 30.

But Carl J. Carlson, president of the Cigar Manufacturers Association of America, said in an interview that legal disputes over

ownership of Cuban trademarks registered here have cut cigar imports by 48 per cent this year. He said crop difficulties in some Cuban districts may have caused the 12 per cent drop in imports of Cuban tobacco to be made into cigars here.

Cigars of Cuban tobacco are only a small part of the big American market. They have been a top item for many small cigar-making shops around the country, and especially for the makers concentrating in the Tampa, Fla., area.

In the first nine months of the year, U.S. Bureau of Census figures put total value of Cuban tobacco imports at \$19.6 million, compared with \$23.5 million in the same period last year. The total for 1960 was \$31 million.

Total cigar leaf tobacco stocks are well ahead of a year ago. Department of Agriculture figures put stocks at 354.3 million pounds, of which 40 million pounds are of Cuban origin. This compares with a total of 342.9 million pounds a year ago, when Cuban stocks were 43.4 million pounds.

While Cuban stocks were slipping in the 12 months, holdings of Philippine tobacco gained 1.9 million pounds and Sumatra-Java and other foreign cigar types 7.3 million pounds.

The headlines go to occasional rumors that imports of the Cuban product may be cut off to chastise Castro, but what the cigar men themselves most like to talk about is the steady comeback in sales of cigars—all cigars, of which the Cuban product is only a fraction. Total sales had slipped badly after the first World War when Americans flocked to the cigarette instead.

Eugene L. Raymond, president of the Cigar Institute of America, said in an interview that the comeback has been due to the industry's turning to making cigars of the size and type young men will buy, and to pounding home the idea that cigar smokers are acceptable in all circles.

The best seller is the five-cent cigar, about 24 per cent of the total, and next is the 10-center, 19 per cent of the total, with most of the rest priced in between, and only 11 per cent costing more than a dime.

Try and Stop Me

By BENNETT CERF

A TV RECEPTIONIST discovered that her shower was out of order, and sent for a plumber to repair same while she toiled at the studio. Returning home that evening she found this note on her dresser: "Your shower is now OK. I know because I took one. But you've got more trouble on your hands. Your piano is out of tune."

Two ladies in Atlantic City were watching the emoting of a current blonde favorite in a movie theatre on the Boardwalk.

"I wonder who made her dress," mused one.

"I imagine," replied the other, "it was the police."

Mama moth was astounded to find her baby moth sobbing its eyes out. "Stop that at once," commanded the mama. "This is the first time in my life I ever saw a moth bawl."

Dear Doctor: To prevent leg cramps, I drink a half gallon of sea water each year. It contains natural ionized minerals. Mrs. L. A.

Dear Mrs. A.: Those natural ionized minerals have been shown to cause more high blood pressure than kitchen-made salty solutions. A half gallon each year is a drop in the ocean—but it's no low-salt diet!

Dear Doctor: Since I wouldn't know whom to call if I get sick at night, I'm saving your columns to "follow."

Mrs. S.B.J.

Dear Mrs. J.: Thanks for the compliment, but you'd best follow your nose straight to the telephone and call a local doctor.

Why not contact his office to-day? Then he'll have a headstart when that middle-of-the-night emergency explodes.

Dear newspaper can never replace a live doctor!

Dear Doctor: What would cause a small swelling to appear in the lower right side when lying down?

Miss R.L.

Dear Miss L.: Almost anything, from a bruise, innocent tumor or torn muscle fiber in the abdominal wall to cysts, tumors and smoldering infection in any abdominal organ.

Don't gaze at the lump; see your doctor instead.

Dear Doctor: Is there something wrong when you lower back hurts after bending over?

Mrs. N.R.

Dear Mrs. R.: Yes—you're bending the wrong way! Instead of stooping over, bend your knees and crouch down with your back straight. This way you'll have more bounce and less strain!

Dear doctor: My teenage son—

husky, with a terrific appetite—has dry cracks in the corners of his mouth. Any ideas?

Mrs. R.G.

Dear Mrs. G.: Lots! Chapped lips? Tooth cavities? Smoldering infection? Vitamin B deficiency—especially B-2 and Niacin—from eating mainly sweets and starches? Giant, over-stretched bites to soothe that husky appetite? And still others?

No matter which, camphorated petrolatum helps until the cause is treated.

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

Barriers Hard To Understand

By George Sokolsky

It is difficult to understand the barriers erected by school and college management on the subject of freedom of speech.

Generally there is no objection to Karl Marx but God is forbidden. The theory is that whereas it is sound to separate Church from State it is not sound to separate the United States from its enemies.

I see an item that Dean Fritz Morstein Marx of Hunter College in New York forbids "The National Review" from holding meetings in this municipally-owned girls college. The reasons given by Dean Marx are most astonishing. One of them was that the views of Bill Buckley, the editor of "The National Review," reflected "the point of view of your organization as a political group presenting a distinct point of view of its own."

This is an astonishing attempt to say something in English. Naturally, an educated man, an editor and author, would have a distinct point of view or he would be a dope. It is true that many editors, writers and even professors are dopes, but that is no reason why Dean Marx should expect Bill Buckley to be one. Bill Buckley has long had a point of view which he has included in some books and in many articles and lectures. His point of view may be described as constructively conservative influenced by his religious beliefs. He is definitely anti-Marxist as is the publication which he edits.

If Dean Marx has at all read current publications, he must have witnessed the existence of "The National Review" and he must know that it has a distinct point of view which differs from "The Worker," "The Nation" and "The New Republic", each of which has a point of view of its own, which it advocates and defends.

Does Dean Marx, as an educator expect only one point of view to prevail in a free country? Is it his theory that the United States is a monolithic country in which only the bombast of the popular weekly magazines may prevail? Perhaps the Dean only likes such publications because of the pictures in them. Or should the students of Hunter be limited to McGuffey's Readers which were prepared for children of a free period in our civilization?

Another reason given by the learned Dean for excluding "The National Review" meetings from the auditorium of Hunter College is that the building was picketed during one of the meetings. Many public buildings are picketed. Recently I visited the White House in Washington and saw a shabby picket line marching outside. Should President Kennedy be excluded from the White House because some idiots picketed the building?

In accordance with Dean Marx's logic, President Kennedy should leave the building to the pickets. Why, I cannot explain except that the Dean must be scared of pickets. His college is opposite the Soviet Embassy and the pickets might, heaven forbid, break loose and damage the Soviet Embassy and send toe boor, Valerian A. Zorin, back to the steppes whence he came.

Dean Marx also objects to the effort of the presiding officer at one of the meetings maintaining law and order. Maybe the Dean would have preferred that the chairman stimulate disorder and create a public nuisance. It is often difficult to grasp what the college managers really want the students and their speakers to do.

Personally, I do not mind when I am interrupted. It gives me a chance to switch from discussing what the students are interested in to the subject of good manners which, in this generation, have apparently been lost. This interests me.

Recently, I was speaking at Queens College in New York, also a free municipal college. A student was apparently bored by my comments; he interrupted me by waving his hand. I gave him an opportunity to ask a rather naive question and then he sought to waste my time debating with me.

Gently, I pointed out to him that manners were as worthy as knowledge and that these young people seemed to possess neither which is indeed a pity because when they grow up they will regret that they have lost years that might have been used to acquire both knowledge and manners and that society is very rough on those who possess neither. I had a very good time but was sorry for a young lady who was a compulsive striker.

Wittenberg Chiefs OK Record High Budget

SPRINGFIELD, Ohio (AP) — Wittenberg University's board of directors wound up their semi-annual meeting here Tuesday by approving the largest budget in the school's history and adopting a memorial resolutions honoring a Canton benefactor.

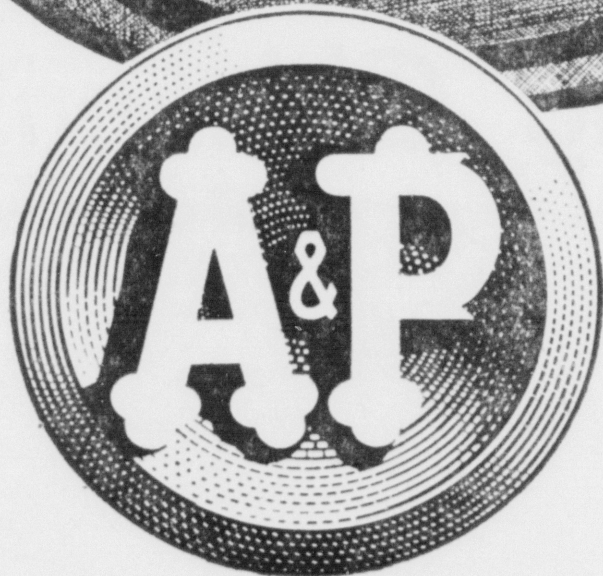

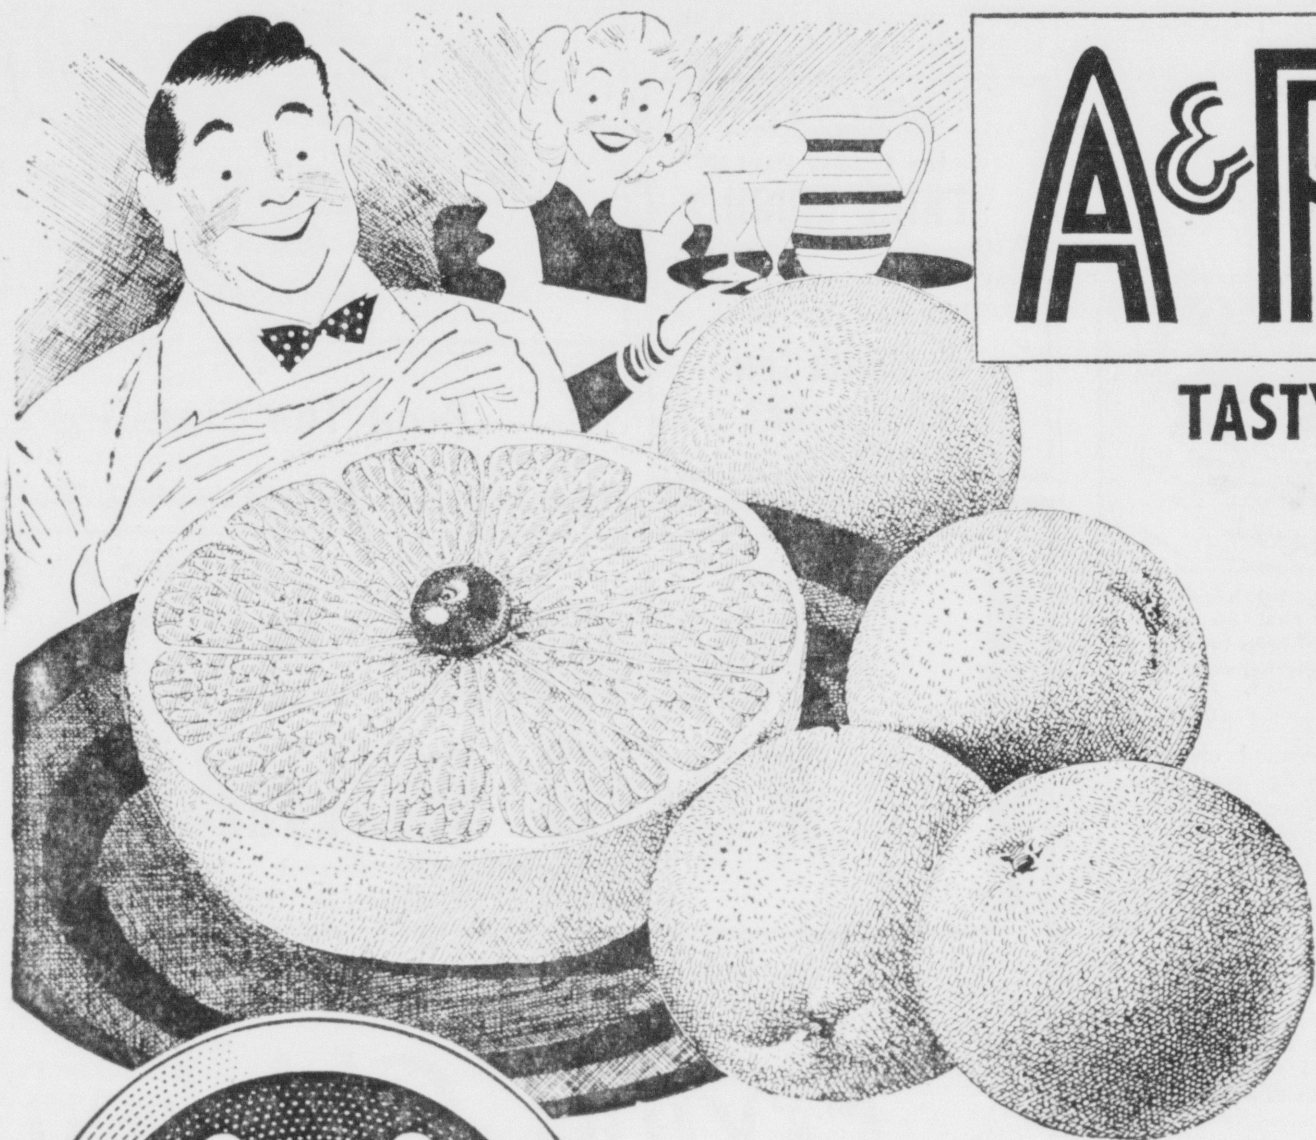

The budget totaled \$3,923,186, \$20,936 more than the tentative budget adopted in June. Honored was the late Harold O. Thomas who died Nov. 26. He, his wife and his mother-in-law, Mrs. Sara Krieg of Canton, had given Wittenberg more than \$3.1 million since 1955.

Mrs. Hinton Hosts WCTU

The Salem WCTU met Friday in the home of Mrs. E. Hinton. Miss Harpster, president, presided at the meeting.

The devotional period opened with group singing of "Some Glad Day". "Be Born In Us Today" was given as a devotional reading. The scripture reading was taken from Matthew 2:1-12. A prayer was given by Miss Harpster.

The program opened with a reading "What Is Prayer?" given by Mrs. Durbin Allen. Mrs. Paul Hankins gave a reading "Shut In But Not Shut Out". Miss Harpster reviewed the fourth chapter of the study book "Today's Deceiver". Mrs. Allen closed the meeting with prayer.

The December meeting will be held in the home of Mrs. Harry Sharrett, Route 1, Kingston.

Five Points WSCS Group Holds Meet

The WSCS of the Five Points Methodist Church held a regular meeting last Wednesday evening in the church basement.

Mrs. Herman Porter, president, opened the meeting by reading a poem on faith. Mrs. Raymond Hanawalt read the scripture taken from Galatians 6:1-10, followed by group singing of "I Would Be True".

Roll call was answered by 16 members commenting on the thought "Thanksgiving Yesterday and Today". The secretary's report was read by Mr. Arthur Winfough. Mrs. Francis Furniss gave the treasurer's report and an itemized account of the turkey supper held recently. Mrs. Porter expressed appreciation to everyone for their help in making the supper a success. Plans were made to bring cheer to needy families and shut-ins at Christmas.

Mrs. Ned Long conducted the program which was opened on the theme "Jesus Christ the Light of the World". Readings were given by Mr. Richard Redman, Mrs. Richard Everman and Mrs. Francis Furniss. Mrs. Furniss gave a reading on "The Household of Faith" using the Cross, the Bible and the world globe to represent the household of God. The program was closed with the prayer-hymn "O, Love That Wilt Not Let Me Go".

Refreshments were served by Mrs. Elmoyn Plotts, Mrs. Ray Harden Sr. and Mrs. Raymond Hanawalt.

The next meeting is scheduled for Thursday evening, Dec. 21. Mrs. Herman Porter, Mrs. Turney Sheets and Mrs. Ernest Sheets will be hostesses. Each member is requested to bring a donation for baskets for the needy. A gift exchange will be held during the meeting.

Personals

Mr. and Mrs. Herbert Holbrook, formerly of Route 3, Circleville, had as their Sunday dinner guests Mrs. Holbrook's parents, Mr. and Mrs. Scott Radcliff of Jackson Twp. The Holbrooks now live at 606 Jackson St. in Nelsonville. Jody and Glenna Jean Holbrook returned to Pickaway County with their grandparents to visit until January.

Roundtown Club Sets Show Plans

Members of the Roundtown Garden Club met today in the Pickaway County Fairground Coliseum to make final arrangements for their Christmas Flower Show entitled "Christmas Is Everywhere".

The show is scheduled for tomorrow in the coliseum and will be open to the public from 3 to 9 p. m.

There is no admission charge and free refreshments will be served by the club.

The important point to remember, when you are preparing Hollandaise Sauce, is to use slow heat. If the heat is gentle, the sauce may be cooked over direct heat (in a heavy pan) instead of over hot water.

Watercress has a pungent flavor when it is cooked for a long time in soups. If you like a mild flavor, add the leaves from cress about five minutes before the soup is to be served.

During the week save the liquid from home-cooked and canned vegetables. Use them in a hearty chowder for Sunday-night supper. The vegetable liquids — if they are not salty — may be used to dilute many canned soups.

Mrs. Sensenbrenner Attends Arts-Letters 'Pop Concert'

Mrs. Alice Sensenbrenner, 313 E. Mount St., visited recently in Marietta as guest of her daughter and son-in-law, Dr. and Mrs. David D. Turner and granddaughter, Debra Ann.

While there, Mrs. Sensenbrenner attended the benefit Pop Concert on Saturday evening, Nov. 18, sponsored by the Ohio River Valley Chapter, National Society of Arts and Letters.

The Marietta Country Club barn

was transformed into a music hall with about 250 guests present for the event. The program included selections by the Mid-Ohio Valley Symphony Orchestra, directed by Joseph Perkovic; piano solos by Miss Patricia Melcher and vocal solos by Mrs. Nancy Turner, daughter of Mrs. Sensenbrenner and member of the local NSAL Chapter.

Mrs. Turner's rich, high-trained soprano voice and superb diction captivated the audience with "A Spirit Power" by Tipton; "Vissi d'Arte" from "Tosca" by Puccini and Gershwin's "Summer-time" for her program. Her encore was "Lilac Tree" by Gartlan. For the Thanksgiving holiday, the Turners entertained Dr. Turner's parents, Dr. and Mrs. W. D. Turner, and Mrs. Sensenbrenner. While in Marietta Mrs. Sensenbrenner was honored guest at a luncheon given by Mrs. George White, widow of former Governor White, at the Betsy Mills Club.

An old piano bench topped with foam rubber cushion makes an ideal piece of foyer furniture and handy for removing overshoes.

Ever add cooked chestnuts to braised sweet-and-sour style red cabbage? Delicious with pork, poultry, frankfurters. Drain cooked Brussels sprouts, then to remove excess water, squeeze each sprout gently with your fingers.

Use a swivel-blade vegetable parer to remove the thin outer covering from broccoli stalks. If the stalks are overly long, cut a few inches from their ends and cook along with the rest of the vegetable.

Dear Abby...

By Abigail VanBuren

Fly Straight, Honey!

DEAR ABBY: I am not a silly kid. I am 22 and work in an insurance office. I've been dating an Air Force officer for three months and I fell for him right off the bat. He says he loves me and wants to marry me "some day" but I shouldn't talk marriage to him because tomorrow he may die. In the meantime he sees nothing wrong with two adults living for today. My father told me not to take the guy seriously because HE used the same line when HE was in the service and it worked every time. Should I believe my father or this fellow?

UP A CREEK

DEAR UP: Believe your father. Old Air Force Romeos never die—they just lose their heads in the clouds.

DEAR ABBY: My 24-year-old fiancée and I (21) have been engaged for five months. We planned a Christmas wedding in 1961.

My sister, who is 23, became engaged shortly afterward and SHE wanted a Christmas wedding in 1961. Because my father can't afford two weddings the same month, and she is older, I agreed to postpone MY wedding until May of 1962.

Now my sister has become "disengaged" to the first man and plans to marry someone else in April of 1962. That means I can't be married in May. Do you think this is fair?

WITS' END

DEAR WITS: Be careful—your fiancée may remind you that he's more interested in a marriage certificate than a calendar! Marry him now and let sister work out her own timetable.

DEAR ABBY: My wife has an overindulgent mother who insists

on writing to us almost every day. In every letter she encloses newspaper clippings, magazine articles, church programs, recipes and other unsolicited reading matter of little or no interest to us. The problem is, she never puts more than one 7-cent airmail stamp on the envelope. It is both expensive and irritating to pay the postage due when her letters come. If we refuse to pay for it on this end, it will be returned to her and she'll know we refused it. How can we either discourage such frequent letters or get her to use more stamps?

HARRY

DEAR HARRY: Buy the lady a home postage scale for Christmas. (That's one weigh!)

DEAR ABBY: I wish you would have told that reader who thought the muu muu was out of place at breakfast that she is mistaken. The muu muu is a DRESS and may be worn with confidence anywhere. Only the mainland designers have made nightgowns and housecoats out of them. I would rather see women dressed in muu muu than in some of those shorts and halters, or skin tight pants I have seen lately.

AN ISLANDER

Everybody's got a problem. What's yours? For a personal reply, send a self-addressed, stamped envelope to Abby, in care of this paper.

Carbon dioxide, warmth and moisture are prime mosquito lures.

Extortion Effort Brings Man's Arrest

DAUTON, Ohio (AP)—Postal inspectors say Gerald E. Bennett, 39-year-old jobless Dayton truck driver, wrote a five-page letter to an unidentified woman acquaintance threatening to injure her reputation unless she forked over \$300 before 6 p.m. last Saturday. Bennett was arrested at a Western Union office a short while before the deadline, and charged Monday with extortion.

Ohio Election Boards Said To Be Bargain

COLUMBUS, Ohio (AP) — Ohio is getting a bargain in the operation of its county election boards, Secretary of State Ted W. Brown asserted here.

He told the 13th annual convention of the Ohio Association of Election Officials opening that budgets of all 8 county boards were the highest in history this year.

"While the cost of elections has mounted and will continue to do so," Brown said, "the privilege of selecting our officials and of determining how our government be operated is still our most precious commodity and . . . our best 'bargain' in government costs."

The secretary of state urged greater participation by Ohioans in the 1962 elections.

"Ohio voters should realize that they are paying for the cost of elections whether they vote or not," Brown said.

34 Reds Die in Fight

SAIGON, South Viet Nam (AP) The South Viet Nam government reports its troops surrounded a Communist Viet Cong company recently and killed 34.

Kennedy Farm Aides Seeking Stabilization

WASHINGTON (AP)—The Kennedy administration is hard at work on proposals to be laid before Congress next month for strengthening its programs to stabilize supplies and prices of farm commodities.

Top-ranking Agriculture Department officials are conferring with a broiler industry advisory committee on ways of improving prices of that product. The department has said this industry is faced with over-production and critically low prices.

Out of this conference may come recommendations — sponsored by the administration and endorsed by producer groups — for legislative authority to regulate broiler production under a federal marketing order.

Secretary of Agriculture Orville L. Freeman will confer with an advisory committee on feed grains and wheat at closed meetings scheduled for Dec. 14-15. Out of this conference may come recommendations for long-range supply control programs for feed grains and wheat, both surplus crops at present.

WASHINGTON (AP)—The Agriculture Department reports that farms in major wheat-producing states are retiring, on the average, more than the 10 per cent of their wheat land required under a new wheat control program.

Wheat growers in Colorado, Kansas, Nebraska, Oklahoma and Texas by Nov. 22 had agreed to retire the equivalent of about 20 per cent of their 1961 planting acreage. These five states produce about 80 per cent of the hard red winter wheat, the class having the largest surplus.

Today's report showed that by Nov. 22, operators of 523,879 farms out of 1,883,000 eligible had signed retirement agreements. These growers will be entitled to payments totaling about \$185 million.

WASHINGTON (AP)—The Agriculture Department reported today that all regions of the country produced a larger crop of apples this year than last.

The eastern states, with a crop of 65 million bushels, showed the largest increase, 23 per cent. Central states produced 27.8 million bushels, an increase of 18 per cent, and the western states produced 32.5 million bushels, up only one per cent.

Fate of Aviatix Remains Mystery

SAN FRANCISCO (AP) — The fate of American aviatix Amelia Earhart, last heard from as she winged across the Pacific with navigator Fred Noonan on July 2, 1937, remains shrouded by time and space.

Dr. Theodore McCown, a University of California anthropologist, said seven pounds of bones and teeth dug up on Saipan were not those of Miss Earhart and Noonan.

He said X-ray and microscopic tests proved the bones and teeth were those of Orientals.

The remains had been unearthed by San Francisco radio announcer Fred Goerner who sent them to Dr. McCown for analysis.

South Goes to Town

CHATTANOOGA (AP) — The South is going to town, a North Carolina sociologist declares.

In a lecture, Dr. Rupert B. Vance, the university's Kenan professor of sociology, said the South is still the least urban of the nation's large regions, but it recently passed the half-way mark in rural-urban balance.

Now 51.6 per cent of its residents live in towns and cities.

Kennedy Farm Aides Seeking Stabilization

WASHINGTON (AP)—The Kennedy administration is hard at work on proposals to be laid before Congress next month for strengthening its programs to stabilize supplies and prices of farm commodities.

Top-ranking Agriculture Department officials are conferring with a broiler industry advisory committee on ways of improving prices of that product. The department has said this industry is faced with over-production and critically low prices.

Out of this conference may come recommendations — sponsored by the administration and endorsed by producer groups — for legislative authority to regulate broiler production under a federal marketing order.

Secretary of Agriculture Orville L. Freeman will confer with an advisory committee on feed grains and wheat at closed meetings scheduled for Dec. 14-15. Out of this conference may come recommendations for long-range supply control programs for feed grains and wheat, both surplus crops at present.

WASHINGTON (AP)—The Agriculture Department reports that farms in major wheat-producing states are retiring, on the average, more than the 10 per cent of their wheat land required under a new wheat control program.

Wheat growers in Colorado, Kansas, Nebraska, Oklahoma and Texas by Nov. 22 had agreed to retire the equivalent of about 20 per cent of their 1961 planting acreage. These five states produce about 80 per cent of the hard red winter wheat, the class having the largest surplus.

Today's report showed that by Nov. 22, operators of 523,879 farms out of 1,883,000 eligible had signed retirement agreements. These growers will be entitled to payments totaling about \$185 million.

WASHINGTON (AP)—The Agriculture Department reported today that all regions of the country produced a larger crop of apples this year than last.

The eastern states, with a crop of 65 million bushels, showed the largest increase, 23 per cent. Central states produced 27.8 million bushels, an increase of 18 per cent, and the western states produced 32.5 million bushels, up only one per cent.

Fate of Aviatix Remains Mystery

SAN FRANCISCO (AP) — The fate of American aviatix Amelia Earhart, last heard from as she winged across the Pacific with navigator Fred Noonan on July 2, 1937, remains shrouded by time and space.

Dr. Theodore McCown, a University of California anthropologist, said seven pounds of bones and teeth dug up on Saipan were not those of Miss Earhart and Noonan.

He said X-ray and microscopic tests proved the bones and teeth were those of Orientals.

The remains had been unearthed by San Francisco radio announcer Fred Goerner who sent them to Dr. McCown for analysis.

South Goes to Town

CHATTANOOGA (AP) — The South is going to town, a North Carolina sociologist declares.

In a lecture, Dr. Rupert B. Vance, the university's Kenan professor of sociology, said the South is still the least urban of the nation's large regions, but it recently passed the half-way mark in rural-urban balance.

Now 51.6 per cent of its residents live in towns and cities.

Ohio Investing Firm To Seek More Capital

COLUMBUS, Ohio (AP) — The Columbus Capital Corp., a small business investment corporation organized here Monday with a starting private capital of a half million dollars, plans to issue stock to raise \$10 million of additional capital.

Everett D. Reese, chairman of the City National Bank & Trust Co., is board chairman of the new firm. Approval of the corporation has been granted by the Small Business Administration in Washington, and application has been made for a license.

John G. McCoy, president of the City National Bank & Trust Co., is president of the new firm. The executive vice president, director and chief operating officer is Bruce B. Robe of Columbus.

The corporation is designed to finance the growth of promising small business and industrial concerns on a national basis, Reese said. He said the firm does not contemplate asking the Small Business Administration for any government money.

Lack of Overtime Pay Brings Charge

CLEVELAND (AP) — The Loran Trucking Co., Inc., its president, Frank J. Nardini, and John Dandrea Jr., secretary-treasurer, have been charged in federal district court with willful failure to pay overtime to its 11 employees for a period of almost two years.

The criminal information was filed Monday by Assistant U.S. Attorney Burt Griffin. It was based on evidence obtained by investigators of the Department of Labor's wage and hour public contracts division. The defendants are accused of failure to pay time and one-half for overtime work in excess of 40 hours per work week during the period from Feb. 9, 1959 to Jan. 15, 1961.

Ruling Given On University Expense Funds

COLUMBUS, Ohio (AP) — Atty. Gen. Mark McElroy ruled today that trustees of five state universities can travel outside Ohio on official business at state expense without state emergency board approval.

He listed the five institutions as Ohio State, Ohio U., Bowling Green, Kent State and Central State.

But all other officers and employees of these state educational institutions must obtain the approval of the emergency board to travel on official business outside the state at state expense," McElroy said.

"The same holds true for all trustees, officers and employees of Miami University (at Oxford)," he added. The state law establishing Miami differs from the statutes setting up the others, he explained, in that it makes no provision for the "necessary expenses" of Miami's trustees. There is no apparent reason for the difference, he said.

McElroy explained that "at expense" refers to expenses paid from money appropriated by the legislature.

"Where the out-of-state travel expense of any officer or employee of a state educational institution is paid from other funds available to the institution, this payment is not at 'state expense,'" McElroy said.

He cited the use of athletic funds as an example of money which an institution could use—such as to transport a football coach and his team to an out-of-state game—without emergency board approval.

Put-In-Bay To Get New Tool Plant

PORT CLINTON, Ohio (AP) — Construction of a \$250,000 tool plant at Put-In-Bay was announced today by Carbide Tools, Inc. of Cleveland. It will be the first year-around industry in the Lake Erie islands.

The plant, expected to get into partial operation in May, eventually will provide 150 jobs, said William Sandy, owner of the tool company.

The entire woodworking tool division of the company's Cleveland operation will be moved to South Bass Island, Sandy said. The firm manufactures bits, saws and machine tool cutters for both metal and woodworking equipment.

Commented Sandy: "I've been fishing around the Lake Erie islands for 40 years and I own nearby Ballast Island. One of the principal reasons for starting a plant at Put-In-Bay is to end the seasonal employment problem of the residents."

A survey crew started laying out the plant site today.

During the winter months the island can be reached only by air. Both ferries and planes operate from spring to autumn.

The major source of income in the islands currently is the seasonal tourist trade, commercial fishing and raising grapes for wine.

Tavern Operator Appeals Decision

COLUMBUS, Ohio (AP)—A Canton tavern operator appealed to the Ohio Supreme Court today from a 14-day license suspension on a charge of selling intoxicants on Sunday.

The suspension was against Jack's Tavern for alleged sale on Feb. 15, 1959. The tavern, operated by Jack P. Leonard, holds beer, wine and liquor by the glass permits.

Canton Municipal Court dismissed the charge for lack of evidence. Nine months later the liquor board issued a 14-day suspension but common pleas court reversed the board, again for lack of evidence.

The appellate court, in turn, reversed common pleas court and upheld suspension. Leonard then appealed to the high court.

ROCHESTER, N. Y. (AP)—Dale Longston of Ft. Worth, Tex., is regarded as one of the top six animal dealers in the nation, according to sources at a zoo association meeting here recently.

He started with \$50 in cash and a mountain lion five years ago. Today, at 29, he has 1,500 animals. Longston has been blind since he was 3 years old.

SANTA and the FLYING SHOE

by Lucrece Beale

SYNOPSIS: The Kingdom of Polydora is in an uproar. A great hole has suddenly appeared in the Public Square near the King's palace. Even the King's Ministers cannot decide what has happened.

CHAPTER THREE THE KING LOOKS FOR CLUES

While the ministers were busy squabbling about what had happened and what was to be done about it, King Ferdinand was taking a walk.

All alone in the Public Square he walked 'round and 'round the big hole. He took a small magnifying glass from his key chain and from time to time he got down on his hands and knees to study the ground. Several times he jumped into the hole and measured parts of it with a tape measure he secretly wore as a belt for his trousers.

When he had seen all there was to be seen the King stood for a long while clucking his tongue and shaking his head. He was trying to imagine how the detectives in his favorite detective stories would handle such a situation. Presently he remembered that one such detective always advised his assistants to get away and take a long view of a problem.

"That's what I must do!" exclaimed the King. "I will get as far away as I possibly can; then I will take a really good look at this extraordinary problem."

He hitched his ermine robes over his arm and ran into the palace and up the broad stairs. Even when he had reached the fifth floor he did not stop. He opened a secret door into a secret closet and climbed a circular staircase that led up, up, up into the highest tower of the palace.

When the stairs ended, the King stood in a small room at the very top of the Kingdom.

"This should be far enough away," he thought with satisfaction. He ran to a window and poked his head out and peered below. For a moment all he could see were spots before his eyes. Then he realized they weren't really spots, they were buildings—so far below him they looked like little black specks. In the middle of the black specks was a blank space which was the

Public Square and in the middle of this was the Public Garden and in the middle of this was the great mysterious hole.

The King leaned further and further out of the window staring at the black shape. He could not believe what he saw. He took off his spectacles and looked. Then he held his spectacles upside down and looked.

It was true! The black shape was a footprint! Clear as could be the King could see the outline of a shoe—a left shoe with a broad flat heel—a shoe so large that only a giant as tall as the sky could have worn it!

Where the heel had dug into the earth there were strange lines and curlicues. The King dashed to

a corner cupboard and drew out a telescope he kept there to gaze at the stars. He brought the telescope to the window and, shaking with excitement, stared down at the footprint.

Now the crumpled lines took shape. "I" read the King. "P... S... W..." Slowly a word formed as the King traced out the letters with his finger on the window sill.

Suddenly he dropped the telescope and went spinning down the 300 steps of the spiral stair case and the five flights of stairs below and burst into the Great Throne Room.

"Gentlemen!" he cried to his ministers. "We have been invaded by an Ipswitch!"

Late Leo Carrillo Leaves Book Praising Home State

HOLLYWOOD (AP)—As a last gesture of a full life, Leo Carrillo tossed a bouquet to his longtime love, California.

The result is on the bookstands now — "The California I Love" (Prentice-Hall, \$7.50). While it tells little of the man Carrillo, it is a splendid view of a California that is fast disappearing among the tracts and freeways.

"The adobe is my birthstone," he writes, telling of his beginnings near the birthplace of Los Angeles itself—the Old Plaza. He carefully neglects reporting the year he was born. He was an actor who wanted to play the role of the dashing caballero even when he was pushing 80.

Carrillo had good reason for his pride in California. His great, great grandfather had made the trek from Mexico with Father Serra and Capt. Gaspar de Por-

tola in 1769. The Carrillos couldn't have gotten here sooner unless they were Indians.

The first half of "The California I Love" is a fascinating remembrance of the sleepy pueblo of Los Angeles. The Angelinos had their fiestas and horse races to brighten the pleasant monotony of the weather.

The book throws some light on the rather cloudy origin of the name Hollywood. Carrillo wrote that a real estate promoter named Wilcox was viewing some property he had marked for subdivision. He asked a Mexican boy the name of some hillside plants that were bright with red berries.

"In Spanish it is toyon, but in English it is holly—wood," said the boy, copying the Spanish custom of following a plant name with "madera," meaning wood.

Carrillo (he pronounced it cay-

reel-you) treats his acting career rather briefly in the book. His introduction to show business seems casual, being an outgrowth of the dialect stories he heard in his youth.

He became a vaudeville headliner with his Chinese, Mexican, Italian and Japanese stories. In those days a comedian could use dialect in a warm-hearted way without being accused of ridiculing a minority.

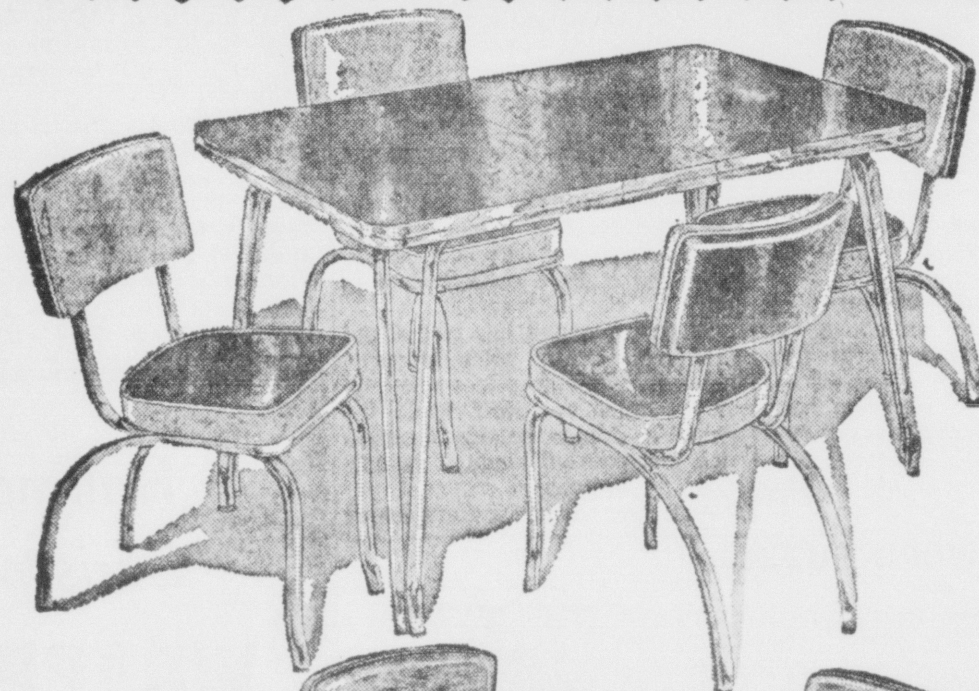

Carrillo was best known to this generation as Pancho of "Cisco Kid" but he had little love for the TV series.

Leo Carrillo left his testament and his mark. The Tournament of Roses parade on New Year's Day won't seem the same without him.

D. L. Yates Vice President For Chamber of Commerce

David L. Yates, local auto dealer, was named vice president of the Circleville Area Chamber of Commerce yesterday during a regular monthly luncheon meeting at Benny's Restaurant.

Yates joins President Charles Schieber, who moved up from the vice president's slot, as the C of C top officials for the coming year. E. G. Parsons is the outgoing president.

In other business, Mrs. E. R. (Jerry) Bennett was rehired as secretary-treasurer of the organization for another year. Three recently elected board of directors present were George Fuhrman, Dr. David Goldschmidt and Paul Smallwood.

Directors discussed at length the Christmas Home Decorating contest, annually sponsored here by the Chamber. The four categories of competition this year will be: 1. best overall decoration; 2. best religious theme; 3. best decorated door, doorway or lamp post; 4. best new or novel idea never before used in Circleville.

IT WAS decided that first and second place prize winners will be awarded \$15 and \$10. This year's judging also will include an honorable mention list. Additional information on the popular contest will be announced later.

William Stout, president of the local Jaycees, announced that more than 2,100 children have visited Santa Claus in his headquarters at 104 E. Main St.

The Chamber unanimously extended a commendation to the Jaycees, the Christmas Decorating Committee and local merchants for an excellent job for providing a sound Christmas program this year in Circleville.

It was announced that John Noble, one-time prisoner of the Soviet Union, will be guest speaker for the Annual Chamber Meeting on Jan. 16 at the First EUB Church Service Center. Tickets for this event will be available to the public.

Vice President Yates is chairman for the Annual Meeting. President Schieber appointed a group to work on selection of com-

STAR GRANGE

Star Grange met in regular session Tuesday evening in the Monroe School auditorium with Worthy Master Paul Long presiding over the business session.

Mrs. Herman Porter, secretary, read a "Thank You" note from Gus Umbach for a contribution to the State Youth Fund.

Mrs. Francis Furniss, Home Economics chairman, announced that the Grange has pecans for sale and orders should be placed immediately.

Mrs. Shirley Anderson, chairman of the flower and card committee, reported on the cards she had sent since the last meeting.

Mrs. Herman Porter, chairman of the Community Service committee reported that the Grange had sponsored a group of men to help clean up the debris following a huge fire at the dairy barn at the home of Mr. and Mrs. Carroll Reid last Friday. The ladies served lunch to the workers.

Mrs. Frederick Overly, lecturer, who was attending the Lecturer's Conference in Columbus prepared the program and requested that Mrs. Herman Porter present it.

Program booklets, made to represent a turkey, were presented to each member. The program, "Thanksgiving" opened with group singing "Tom Turkey's Fate" to the tune of "Old Dan Tucker". Joyce Long played a clarinet solo and Cathy Redman sang, "Bless This House". The juveniles gave a Thanksgiving dialogue, with each one holding a letter to spell the word "Thanksgiving" and Flen Blair read "A Big Turkey".

Mrs. Porter gave a reading "Thanksgiving Memories". All participated in a guessing contest on the number of grains of popcorn in a jar. Mrs. Clark Dennis guessed the nearest to the correct number and received the jar of popcorn as the prize.

Refreshments were served by Mr. and Mrs. Richard Rdmann, Mr. and Mrs. Loring Storer, Mrs. Richard Styer, Mrs. Marguerite Snyder, C. M. Storer and Mr. and Mrs. Overly.

The next meeting, December 12, will feature a covered dish supper at 7 p. m. with the Christmas Party and gift exchange to follow.

The World Today

WASHINGTON (AP) — If an outer-space psychiatrist had been watching earth people these past 20 years, he might conclude: "Get them a doctor; they look disturbed."

Thursday, 20 years after Pearl Harbor, earth people who were in a dreadful mess then are in an awful mess now, although now they're not shooting at each other except for here and there. But they're prepared to shoot, and they tell each other so.

There's no solution in sight. As President Kennedy aid when he took office, there may be none in our lifetime.

In these 20 years the most overwhelming lesson earth people have learned is how to kill themselves quicker and easier. They've graduated from TNT bombs to nuclear ones, from hitting a railroad center to wiping out cities.

Only an outer-space man, with an upside-down look at the earth, could appreciate how down-side up it is.

Old friends have become new enemies. Old enemies are new friends. Capitalism and communism, which had no trouble teaming up to wipe out fascism, now, when there's no one else to fight, can't bear each other.

Half the history of mankind was spent in learning how to get out of caves and live in the open. Now mankind is building new caves, called bomb shelters, in his backyard, just in case.

Russia, which proclaims its communism, isn't Communist at all and probably never will be. Communism means giving to each according to his needs. In Russia there's a caste system, with the elite living highest off the hog.

The Soviets, who call themselves a people's democracy, don't practice it and don't want it. They don't permit the people free elections or, for that matter, anything to say about their government.

The United States, which prides itself on its free enterprise system, practices it only in a limited way and it isn't entirely free at all.

The government has to bail out the farmers with price supports, helps various enterprises with subsidies, puts up tariff walls because it dreads outside competition and puts all kinds of restrictions on business.

And this country, where every

4th of July orators pay homage to the Declaration of Independence which says all men are equal, had slavery for almost half its existence and still discriminates against people, and segregates them, because of race.

Earth people, seen in a 20-year backward look, felt at the time that in defeating Hitler's Axis that they were cleansing the world, giving it a new and innocent birth.

But, as events showed, they only cleared the decks for a longer and perhaps more deadly struggle between the West and communism.

On Pearl Harbor Day in 1941 communism was limited to about 140 million, almost all within the Russian frontiers. Today, although Vice President Lyndon B. Johnson says this country is winning the cold war, there are one billion people, one-third the

earth's population, living under communism.

This struggle between capitalism and communism began before their joint war against fascism was over — when Stalin's armies took and held the satellite nations in Europe.

Within five years of the war's end — by 1950 — the West had set up a new military alliance, the North Atlantic Treaty Organization, against its old friend and new enemy, Russia, which set up the Warsaw Pact, a Communist military alliance, against the West.

In old-fashioned wars like the last big one, which stretched over six years, there were 37½ million casualties, at least 8½ million of them killed. But now scientists debate whether in a new war a nuclear attack will wipe out 50 million.

True, there's a lot more of everything and everyone. In this country 20 years ago there were only 133 million people and 170 million in Russia. But now there are 185 million here and 220 million there.

The Russians are ahead in space development — they've hit the moon with a rocket and sent two men into orbit around the earth — but this country is trying to catch up, and may well do so.

Whether any of this will add to man's ability to get along with himself on earth is highly doubtful unless, in his further interstellar explorations, he gets into a war with another planet and has to team up here, perhaps only temporarily, to survive.

And, if the inability of communism and capitalism to get along on this planet were not enough, 42 new nations have come into existence since Pearl Harbor, which just adds to the confusion.

Still, there is still some consolation from these 20 years. The Department of Health, Education and Welfare says an American's life expectancy in that time has risen from 64 to 69 years, which is nice to think about, if he can make it.

Supreme Court Asked To Review Drug Case

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has been asked to review the highly-publicized case of Mrs. Lillian Fratanonio, the Cleveland mother convicted of feeding drugs to her two young daughters.

An appeals court in Cleveland upheld the conviction last month. Mrs. Fratanonio faces a workhouse term and a fine of \$500 for giving barbiturates to her two little girls.

Groceries To Merge

PITTSBURGH (AP) — Thorofare Markets, Inc., says it plans merging with Evans Grocery Co. of Gallipolis, Ohio.

The proposal must be approved by stockholders of both firms before it can be made effective. Under the proposal, the Evans' name would continue to be used at its 14 markets in Ohio, West Virginia and Kentucky. Thorofare has 63 supermarkets in Pennsylvania, Ohio, and West Virginia.

Ashville Band Is Using New Grade System

Members of the Ashville School Band, under the direction of Ray Seelenbinder, have set up a new grading system requiring students to earn their grade.

Grades will be determined by the number of points students will earn in a six week period. At the end of the period reports of progress of the students and the points and grades they have earned will be sent to parents.

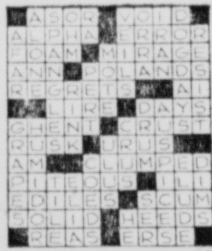

The new system includes: 1. Band attendance (5 points each) total possible points of 50; 2. Sectional rehearsals (5 points each) total possible points 30; 3. Not talking in rehearsal while conducting or in front of stand or while he is talking (3 points per rehearsal) total possible points 30; 4. Home practices: Each student is expected to practice 30 minutes per day at home or a total of three hours per week. Total minimum practice for the six week period would be 18 hours (6 points per hour) total possible points of 108; 5. Playing scales: from memory (5 points each); reading (3 points each); total possible points 45; 6. Playing music for row captain — total possible points 150.

Bonus points may be earned by playing music over and above that required. Included are: four marching band rehearsals (5 points each); one marching band performance (10 points each); and one parade (10 points each), making total expected points to total 413.

It's The Sauce— Not The Spaghetti

Q. Is spaghetti considered a high calorie dish?

A. Enriched spaghetti, a thoroughly nutritious food, only contains 72 calories per cup. Add a rich sauce, however, and the calorie count zooms. For weight watchers, the best tip is to apply a simple sauce, such as tomato sauce.

Weight vs. Walking

Q. Do fat babies learn to walk later than those who are not so chubby?

A. It is often said that a baby is late in walking because it is too fat, and this may be true of excessively fat youngsters. On the other hand, children normally have a built-in urge to walk which springs to life at about the 12th month. They "try their wings," so to speak, regardless of weight.

Parkinson's Disease

Q. I have Parkinson's disease and take two kinds of medicine. Would it be OK to take an occasional glass of beer or a highball?

A. An English physician studied the effect of alcohol in 53 persons with Parkinson's disease. Alcohol seemed to have no effect in 30, while 6 patients claimed it actually helped. In 17 patients, however, the drinking of alcoholic beverages (even one glass of beer) caused great weakness, increased shaking, and speech difficulty. The sensible thing to do is discuss the situation with your doctor. It would not be at all wise to try a few drinks on your own.

There's no solution in sight. As President Kennedy aid when he took office, there may be none in our lifetime.

In these 20 years the most overwhelming lesson earth people have learned is how to kill themselves quicker and easier. They've graduated from TNT bombs to nuclear ones, from hitting a railroad center to wiping out cities.

Only an outer-space man, with an upside-down look at the earth, could appreciate how down-side up it is.

Old friends have become new enemies. Old enemies are new friends. Capitalism and communism, which had no trouble teaming up to wipe out fascism, now, when there's no one else to fight, can't bear each other.

Half the history of mankind was spent in learning how to get out of caves and live in the open. Now mankind is building new caves, called bomb shelters, in his backyard, just in case.

Russia, which proclaims its communism, isn't Communist at all and probably never will be. Communism means giving to each according to his needs. In Russia there's a caste system, with the elite living highest off the hog.

The Soviets, who call themselves a people's democracy, don't practice it and don't want it. They don't permit the people free elections or, for that matter, anything to say about their government.

The United States, which prides itself on its free enterprise system, practices it only in a limited way and it isn't entirely free at all.

The government has to bail out the farmers with price supports, helps various enterprises with subsidies, puts up tariff walls because it dreads outside competition and puts all kinds of restrictions on business.

And this country, where every

4th of July orators pay homage to the Declaration of Independence which says all men are equal, had slavery for almost half its existence and still discriminates against people, and segregates them, because of race.

Earth people, seen in a 20-year backward look, felt at the time that in defeating Hitler's Axis that they were cleansing the world, giving it a new and innocent birth.

But, as events showed, they only cleared the decks for a longer and perhaps more deadly struggle between the West and communism.

On Pearl Harbor Day in 1941 communism was limited to about 140 million, almost all within the Russian frontiers. Today, through Vice President Lyndon B. Johnson says this country is winning the cold war, there are one billion people, one-third the

Supreme Court Asked To Review Drug Case

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has been asked to review the highly-publicized case of Mrs. Lillian Fratan-tonio, the Cleveland mother convicted of feeding drugs to her two young daughters.

An appeals court in Cleveland upheld the conviction last month. Mrs. Fratan-tonio faces a work-house term and a fine of \$500 for giving barbiturates to her two little girls.

Groceries To Merge

PITTSBURGH (AP) — Thorofare Markets, Inc., says it plans merging with Evans Grocery Co. of Gallipolis, Ohio.

The proposal must be approved by stockholders of both firms before it can be made effective. Under the proposal, the Evans' name would continue to be used at its 14 markets in Ohio, West Virginia and Kentucky. Thorofare has 63 supermarkets in Pennsylvania, Ohio, and West Virginia.

earth's population, living under communism.

This struggle between capitalism and communism began before their joint war against fascism was over — when Stalin's armies took and held the satellite nations in Europe.

Within five years of the war's end—by 1950—the West had set up a new military alliance, the North Atlantic Treaty Organization, against its old friend and new enemy, Russia, which set up the Warsaw Pact, a Communist military alliance, against the West.

In old-fashioned wars like the last big one, which stretched over six years, there were 37½ million casualties, at least 8½ million of them killed. But now scientists debate whether in a new war a nuclear attack will wipe out 50 million.

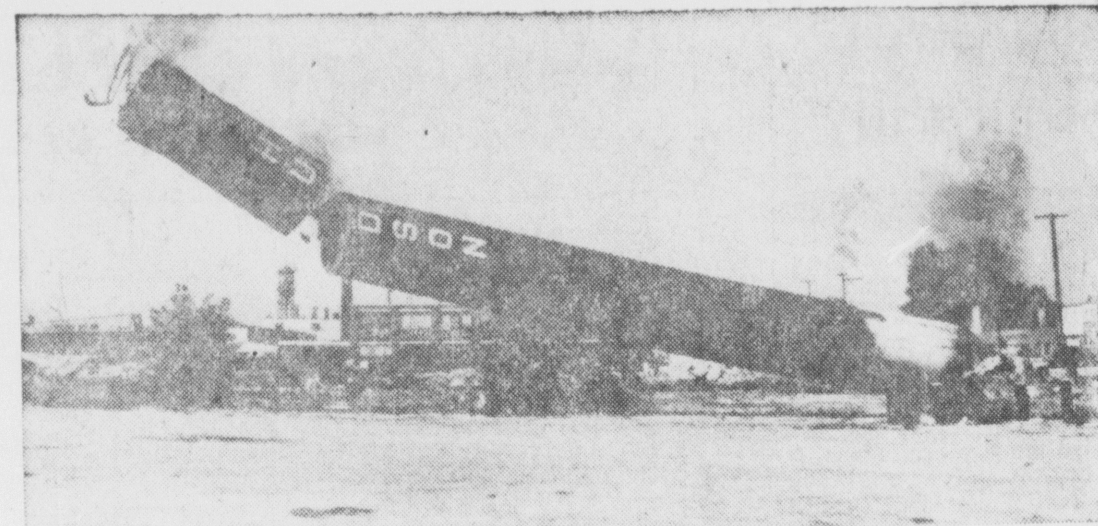

True, there's a lot more of everything and everyone. In this country 20 years ago there were only 133 million people and 170 million in Russia. But now there are 185 million here and 220 million there.

The Russians are ahead in space development—they've hit the moon with a rocket and sent two men into orbit around the earth—but this country is trying to catch up, and may well do so.

Whether any of this will add to man's ability to get along with himself on earth is highly doubtful unless, in his further interstellar explorations, he gets into a war with another planet and has to team up here, perhaps only temporarily, to survive.

And, if the inability of communism and capitalism to get along on this planet were not enough, 42 new nations have come into existence since Pearl Harbor, which just adds to the confusion.

Still, there is still some consolation from these 20 years. The Department of Health, Education and Welfare says an American's life expectancy in that time has risen from 64 to 69 years, which is nice to think about, if he can make it.

Pickaway Grange

STAR GRANGE

Star Grange met in regular session Tuesday evening in the Monroe School auditorium with Worthy Master Paul Long presiding over the business session.

Mrs. Herman Porter, secretary, read a "Thank You" note from Gus Umbach for a contribution to the State Youth Fund.

Mrs. Francis Furniss, Home Economics chairman, announced that the Grange has pecans for sale and orders should be placed immediately.

Mrs. Shirley Anderson, chairman of the flower and card committee, reported on the cards she had sent since the last meeting.

Mrs. Herman Porter, chairman of the Community Service committee reported that the Grange had sponsored a group of men to help clean up the debris following a huge fire at the dairy barn at the home of Mr. and Mrs. Carroll Reid last Friday. The ladies served lunch to the workers.

Mrs. Frederick Overly, lecturer, who was attending the Lecturer's Conference in Columbus prepared the program and requested that Mrs. Herman Porter present it.

Program booklets, made to represent a turkey, were presented to each member. The program, "Thanksgiving" opened with group singing "Tom Turkey's Fate" to the tune of "Old Dan Tucker". Joyce Long played a clarinet solo and Cathy Redman sang, "Bless This House". The juveniles gave a Thanksgiving dialogue, with each one holding a letter to spell the word "Thanksgiving" and Flem Blair read "A Big Turkey".

Mrs. Porter gave a reading "Thanksgiving Memories". All participated in a guessing contest on the number of grains of popcorn in a jar. Mrs. Clark Dennis guessed the nearest to the correct number and received the jar of popcorn as the prize.

Refreshments were served by Mr. and Mrs. Richard Rdman, Mr. and Mrs. Loring Storer, Mrs. Richard Styer, Mrs. Marguerite Snyder, C. M. Storer and Mr. and Mrs. Overly.

The next meeting, December 12, will feature a covered dish supper at 7 p. m. with the Christmas Party and gift exchange to follow.

SCOL Co-Champion Tigers Feted at Booster's Banquet

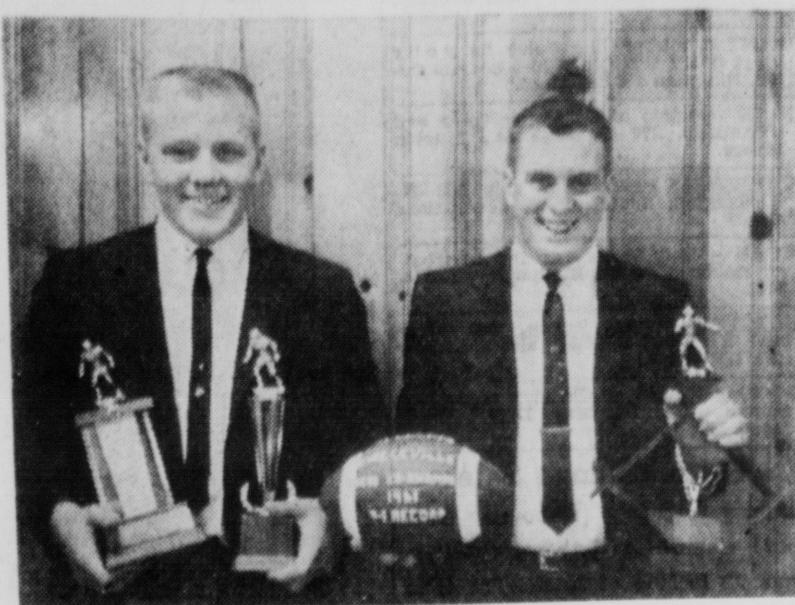

Already enthroned as co-champions of the 1961 South Central Ohio League gridiron campaign, Circleville High School's football Tigers were given the deluxe treatment reserved for royalty last night by scores of sports dignitaries and followers during a banquet in the First EUB Church service center.

The Bengals of coach Carl (Benny) Benhase, who compiled a 9-1 overall slate and 6-1 SCOL record in nailing down half of the circuit crown, were praised by toastmaster Robert Huffer, who termed them "one of the greatest teams — giving fans some of the greatest thrills — in many years at CHS".

Huffer's words were echoed by Charles Hart, president of the Booster Club which sponsored the fete, who quipped, "Now we are looking for an undefeated team next year."

Pulling down major honors in the award-studded night were tackle Vern Reichmanis and center Pat Rooney, both seniors. Reichmanis, a husky 250-pounder, was selected the Outstanding Lineman. His handsome trophy was presented by Commander Carl Radcliff Jr. of the local American Legion post.

ROONEY, sparkplug of the Tigers' pennant drive as captain, received the coveted Most Valuable Player trophy from Hart. He succeeds Jake Bailey, 1960 MVP, in

TOP TIGERS — Named outstanding lineman of the 1961 Circleville High School South Central Ohio League co-champion football team at an awards banquet last night was Verners Reichmanis, 6' 1" 250-pound senior tackle. the 16th annual presentation of the highest individual laurels.

Both players, along with junior Garold Dade and senior Keith Thomerson, received the Stooze Club awards for their selection as all-league personnel. John Adkins, club president, handled the presentation with a witty commentary about the abilities of each griddier.

A total of 17 Tigers were applauded as letter winners. Coach Benhase presented a small gold football to each member of the squad in an introduction ceremony, saying it had been "an especially wonderful team to coach." He spoke briefly prior to the presentation on his hopes for "a new and adequate stadium" noting his belief that top-flight teams deserve top-flight facilities.

Receiving monograms were Seniors Rooney, Reichmanis, Thomerson, Jim Anderson and Bob Wilson, juniors Bob Waple, Garold Dade, Fred Moore, Tom Bivens, Larry Adams, Cleson Thomas, Ray Taylor and Dave Hannans and sophomores Dessel (Duke) Fyffe, Bruce Horn, Tom Copland and John Pharr. Senior Gary Harrison, unable to play this season because of injuries, was named an honorary letterman.

Speaking of Rooney, Benhase called the MVP selection "a truly great leader for the team. He is possibly the best player I've ever coached." Rooney collected 17 Tiger Head awards for outstanding individual plays, tops on the 57-man squad.

Moore was also honored as the top defensive back and Fyffe as best on offense in the backfield. Bivens, named 1962 team co-captain with quarterback Dave Hannans, picked off four offensive linemen laurels while Ray Taylor was named best on line defense.

A SPECIAL speaker for the af-

ter-dinner program was Asa Elsea, Most Valuable Player in 1958 and now a star for Bowling Green State University. Elsea, directing his remarks to the players, said "I feel athletics can develop the best moral character and strength in a young man. You should feel honored to be in sports."

Featured speaker for the evening was Doyt Perry, BG mentor whose clubs have registered 53 wins against only seven losses and four ties in seven seasons. Perry spoke of the competition existing in the life and the need for hard work and high integrity.

He commented "A person can be pretty good at whatever he wants to be in our society, if he wants it badly enough to work hard for it." He stressed it was "vitally important" to develop the spirit of cooperation and teamwork through what he called "mental preparation" for a moral, enthusiastic life.

"You, as athletes, are a privileged group of young men. You must remember to live up to your obligations as community leaders," the coach added. Perry also emphasized sound scholarship as the best basis for leading a worthwhile life.

The invocation and benediction were offered by the Rev. Henry Walters, pastor of the First Presbyterian Church. After the program guests crowded about the players to congratulate them again and extend wishes for future success.

Statistical leaders for the 1961 Tigers were:

Dave Bass — highest av. per carry, 17 yards in three tries, 5.33; Fred Moore — most intercepted passes, 4; most yards receiving passes, 73; second high scorer, 58 points; Duke Fyffe — most carries, yards gained, second high av. per carry, 141-257-5.2; most touchdowns, 10; most points, 60; Dave Hannans — most passing yardage, 133, 53 per cent of 4 on 15; most touchdowns passes, 3; John Pharr — most passes caught, 5; Pat Rooney — highest team grade, 2.54; most Tiger Heads, 17; Ray Taylor — most quarters, 40; Keith Thomerson — most recovered fumbles, 8; Bob Waple — most passes attempted and completed, 20 and 9.

Bucks, Pitt Clash Tonight

Contest Is Warmup For Wake Forest Tilt

By THE ASSOCIATED PRESS
Mighty Ohio State, led by 1960-61 player of the year Jerry Lucas, goes against Pitt tonight in an expected warm-up for Saturday's important clash with Wake Forest, the top game of college basketball's early season schedule.

The Buckeyes, ranked first in an Associated Press preseason poll, handled Florida State with ease in their only outing this season, but could have a tougher time with Pitt, which lost its opener to a good Purdue team, 86-70.

Wake Forest, No. 3 in the preseason poll, won its second straight with ease Tuesday night, a 17-65 triumph over North Carolina State.

The Deacons broke open a tight game early in the second half and raced out in front, leading at times by 16 points. Lynn Chappell, a burly 6-foot-8, tossed in 28.

Cincinnati, displaying midseason form and using substitutes much of the way, humbled Miami of Ohio 63-30. The Bearcats, who include the overtime upset of Ohio State in last season's NCAA championship final in their 24 straight victories, put the accent on defense in the slow-moving game.

In other top games, seventh-ranked Duke set a school scoring record in a 117-72 conquest of Davidson, strong West Virginia raced past Virginia Military 90-56, Southern Methodist disappointed hopeful Oklahoma 61-52, and North Carolina edged Clemson 54-52.

In other major games, Washington beat Montana 73-57, Loyola of Chicago breezed past South Dakota 104-63. The Citadel beat William & Mary 83-76, Butler rapped New Mexico State 77-56, Colgate outlasted Columbia 75-73, Oklahoma State—with Moe Iba, son of coach Hank Iba, contributing 17 points—won its second straight, 63-57 over Texas Western, Texas A&M used a second-half rally to beat Houston 64-49 and San Francisco beat West Texas 100-51 with Bob Gaillard hitting for 41 points.

Kennedy Fears Top Sport Of U.S. Is Watching Sports

NEW YORK (AP) — President John F. Kennedy, a former Harvard junior varsity player and the nation's No. 1 touch football fan, want no part of the current controversy over whether baseball or football now is the national pastime.

The President was the featured speaker Tuesday night at the annual awards dinner of the National Football Foundation and Hall of Fame. He was the recipient of the foundation's Gold Medal Award, given for the example he has set in recognizing the major role of amateur athletics in fostering moral values and leadership.

He shared the head table with eight former players and one of two former coaches who were inducted into the Hall of Fame and eight others honored as scholar athletes.

Referring to the baseball-football controversy, he said:

"The sad fact is that it looks more and more as if our great national sport is not playing at all—but watching. We have become more and more not a nation of athletes, but a nation of spectators. The result of this shift from participation to—if I may coin a word—speciation is all too visible in the physical condition of our population."

Kennedy called the American people physically soft as a result of push button living.

"We are under-exercised as a nation," he said. "We look instead of play, ride instead of walk. Our push-button existence deprives us of the minimum of physical activity essential for healthy living."

He called for a long, serious look at the nation's physical condition, and for a change in the way millions of Americans live.

Kennedy took time out from his dinner to visit a group of Alabama alumni and transmit a message to a student rally underway at Tuscaloosa, Ala., congratulating the Crimson Tide on its undefeated season and its invitation to the Sugar Bowl.

Paul (Bear) Bryant, Alabama coach, and quarterback Pat Trammell accepted the MacArthur Bowl at the dinner on be-

half of the Crimson Tide, selected by the foundation as the nation's top team.

Bryant called his team — also selected by The Associated Press as the best in the country — "the best I've been associated with in all my career."

Former players inducted into the Hall of Fame were halfback Glenn Davis of Army (1944-46); Charlie (Choo Choo) Justice, North Carolina halfback (1946-49); George McAfee, Duke halfback (1937-39); Bob Reynolds, Stanford tackle (1933-35); Bob Suffridge, Tennessee guard (1938-40); Welton Humble, Rice guard (1941-42, 1946); Pat Pazzetti, Lehigh and Wesleyan quarterback (1908-1912) and Claude Reeds, Oklahoma halfback (1910-13).

Coaches added to the Hall of Fame were Don Faurot, athletic director and former coach at Missouri, and the late Charlie Caldwell of Princeton, Yale and William.

Since 1912, Michigan State footballers often have started pre-season training with 10-day sessions on an island near the campus.

SCOL Co-Champion Tigers Feted at Booster's Banquet

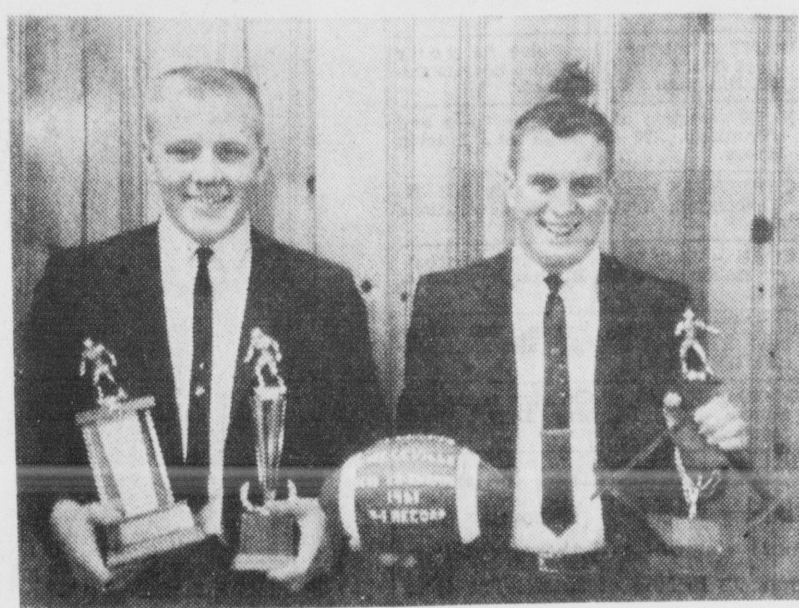

Already enthroned as co-champions of the 1961 South Central Ohio League gridiron campaign, Circleville High School's football Tigers were given the deluxe treatment reserved for royalty last night by scores of sports dignitaries and followers during a banquet in the First EUB Church service center.

The Bengals of coach Carl (Benny) Benhase, who compiled a 9-1 overall slate and 6-1 SCOL record in nailing down half of the circuit crown, were praised by toastmaster Robert Huffer, who termed them "one of the greatest teams — giving fans some of the greatest thrills — in many years at CHS".

Huffer's words were echoed by Charles Hart, president of the Booster Club which sponsored the fete, who quipped, "Now we are looking for an undefeated team next year."

Pulling down major honors in the award-studded night were tackle Vern Reichmanis and center Pat Rooney, both seniors. Reichmanis, a husky 250-pounder, was selected the Outstanding Lineman. His handsome trophy was presented by Commander Carl Radcliff Jr. of the local American Legion post.

ROONEY, sparkplug of the Tigers' pennant drive as captain, received the coveted Most Valuable Player trophy from Hart. He succeeds Jake Bailey, 1960 MVP, in

TOP TIGERS — Named outstanding lineman of the 1961 Circleville High School South Central Ohio League co-champion football team at an awards banquet last night was Verners Reichmanis, 6' 1" 250-pound senior tackle. the 16th annual presentation of the highest individual laurels.

Both players, along with junior Garold Dade and senior Keith Thomerson, received the Stogie Club awards for their selection as all-league personnel. John Adkins, club president, handled the presentation with a witty commentary about the abilities of each griddier.

A total of 17 Tigers were applauded as letter winners. Coach Benhase presented a small gold football to each member of the squad in an introduction ceremony, saying it had been "an especially wonderful team to coach." He spoke briefly prior to the presentation on his hopes for "a new and adequate stadium" noting his belief that top-flight teams deserve top-flight facilities.

Receiving monograms were Seniors Rooney, Reichmanis, Thomerson, Jim Anderson and Bob Wilson, juniors Bob Waple, Garold Dade, Fred Moore, Tom Bivens, Larry Adams, Clesson Thomas, Ray Taylor and Dave Hannahs and sophomores Dessel (Duke) Fyffe, Bruce Horn, Tom Copland and John Pharr. Senior Gary Harrison, unable to play this season because of injuries, was named an honorary letterman.

Speaking of Rooney, Benhase called the MVP selection "a truly great leader for the team. He is possibly the best player I've ever coached." Rooney collected 17 Tiger Head awards for outstanding individual plays, tops on the 57-man squad.

Moore was also honored as the top defensive back and Fyffe as best on offense in the backfield. Bivens, named 1962 team co-captain with quarterback Dave Hannahs, picked off high offensive lineman laurels while Ray Taylor was named best on line defense.

A SPECIAL speaker for the af-

ter-dinner program was Asa Elsea, Most Valuable Player in 1958 and now a star for Bowling Green State University. Elsea, directing his remarks to the players, said "I feel athletics can develop the best moral character and strength in a young man. You should feel honored to be in sports."

Featured speaker for the evening was Doyt Perry, BG mentor whose clubs have registered 53 wins against only seven losses and four ties in seven seasons. Perry spoke of the competition existing in the life and the need for hard work and high integrity.

He commented "A person can be pretty good at whatever he wants to be in our society, if he wants it badly enough to work hard for it." He stressed it was "vitally important" to develop the spirit of cooperation and teamwork through what he called "mental preparation" for a moral, enthusiastic life. "You, as athletes, are a privileged group of young men. You must remember to live up to your obligations as community leaders," the coach added. Perry also emphasized sound scholarship as the best basis for leading a worthwhile life.

The invocation and benediction were offered by the Rev. Henry Walters, pastor of the First Presbyterian Church. After the program guests crowded about the players to congratulate them again and extend wishes for future success.

Statistical leaders for the 1961 Tigers were: Dave Bass — highest av. per carry, 17 yards in three tries, 5.33; Fred Moore — most intercepted passes, 4; most yards receiving passes, 73; most high score, 38 points; Duke Fyffe — most carries, yards gained, second high av. per carry, 141-737-5.23; most touchdowns, 10; most points, 60; Dave Hannahs — most passing yards, 153, 53 per cent of 8 on 15; most touchdowns passes, 3; John Pharr — most passes caught, 5; Pat Rooney — highest team grade — 2.54; most Tiger Heads, 17; Ray Taylor — most quarters, 40; Keith Thomerson — most recovered fumbles, 8; Bob Waple — most passes attempted and completed, 20 and 9.

Bucks, Pitt Clash Tonight

Contest Is Warmup For Wake Forest Tilt

By THE ASSOCIATED PRESS
Mighty Ohio State, led by 1960-61 player of the year Jerry Lucas, goes against Pitt tonight in an expected warm-up for Saturday's important clash with Wake Forest, the top game of college basketball's early season schedule.

The Buckeyes, ranked first in an Associated Press preseason poll, handled Florida State with ease in their only outing this season, but could have a tougher time with Pitt, which lost its opener to a good Purdue team, 86-70. Wake Forest, No. 3 in the preseason poll, won its second straight with ease Tuesday night, a 77-65 triumph over North Carolina State.

The Deacons broke open a tight game early in the second half and raced out front, leading at times by 16 points. Lynn Chappell, a burly 6-foot-8, tossed in 28.

Cincinnati, displaying midseason form and using substitutes much of the way, humbled Miami of Ohio 63-30. The Bearcats, who include the overtime upset of Ohio State in last season's NCAA championship final in their 24 straight victories, put the accent on defense in the slow-moving game.

In other top games, seventh-ranked Duke set a school scoring record in a 117-72 conquest of Davidson, strong West Virginia raced past Virginia Military 90-56, Southern Methodist disappointed hopeful Oklahoma 61-52, and North Carolina edged Clemson 54-52.

In other major games, Washington beat Montana 73-57, Loyola of Chicago breezed past South Dakota 104-63. The Citadel beat William & Mary 83-76, Butler rapped New Mexico State 77-56, Colgate outlasted Columbia 75-73, Oklahoma State—with Moe Iba, son of coach Hank Iba, contributing 17 points—won its second straight, 63-57 over Texas Western, Texas A&M used a second-half rally to beat Houston 64-49 and San Francisco beat West Texas 100-51 with Bob Gaillard hitting for 41 points.

Small College Football Championship Awaited

SACRAMENTO, Calif. (AP) — The national small college football championship will be decided here Saturday in a game between Pittsburgh State of Kansas and Linfield College of Oregon, both with 10-0 season records.

The game in 22,000-seat Hughes Stadium will be the sixth annual NAIA championship, but the first to be staged in Sacramento, which hopes to be permanent host. It has been dubbed the Camellia Bowl, after the flower which grows profusely here.

The St. Louis Hawks, five-time Western Division champions of the National Basketball Association now rest in fourth place in the five-team division.

Sihugo Green, a former Hawk now playing for the new Chicago Packers, hit a tie-breaking basket with four seconds left that brought the Packers a 101-99 verdict over St. Louis in the first game of a Madison Square Garden doubleheader Tuesday night.

Philadelphia beat New York 122-105 in the second game and at Portland, Ore., Elgin Baylor rallied Los Angeles to a 125-120 victory over Syracuse.

State Is Operated
\$21 Million in Red
COLUMBUS, Ohio (AP) — The state auditor's office said an audit just completed shows that Ohio operated nearly \$21 million in the red for the first five months of the fiscal year.
State Auditor James A. Rhodes said over-all operations through November 1961 showed total revenues of \$689,011,497 and expenditures of \$709,923,080, making a net deficit of \$20,911,583.
Last year, he said, the first five months operations showed an operating deficit of \$73,655,962. He made a further comparison, pointing out that this year's revenues, to date, were up \$33,000,254 over last year, while expenditures showed a decline of \$19,754,124.
Quarterback Charlie Conerly of the New York Giants has been playing National League football 14 seasons.
Tallest player with the St. Louis Cardinals' eleven is 6-foot-6 Ernie McMillan, a freshman tackle from Illinois.

State Is Operated
\$21 Million in Red
COLUMBUS, Ohio (AP) — The state auditor's office said an audit just completed shows that Ohio operated nearly \$21 million in the red for the first five months of the fiscal year.
State Auditor James A. Rhodes said over-all operations through November 1961 showed total revenues of \$689,011,497 and expenditures of \$709,923,080, making a net deficit of \$20,911,583.
Last year, he said, the first five months operations showed an operating deficit of \$73,655,962. He made a further comparison, pointing out that this year's revenues, to date, were up \$33,000,254 over last year, while expenditures showed a decline of \$19,754,124.
Quarterback Charlie Conerly of the New York Giants has been playing National League football 14 seasons.
Tallest player with the St. Louis Cardinals' eleven is 6-foot-6 Ernie McMillan, a freshman tackle from Illinois.

Class AA All-Ohio Team Loaded with Grid Talent

COLUMBUS, Ohio (AP)—Ohio's scholastic gridirons, the happy hunting grounds of talent-seeking collegiate coaches, were filled with big game this season.

The best of the Buckeye boys won the top accolades today — places on The Associated Press All-Ohio Class AA team which is recognized as official by the Ohio High School Football Coaches Association.

Sixty-six youngsters, 33 on defensive and 33 on offensive teams, were named to the squad through information furnished by the state's sports writers, sportscasters and coaches.

Pat Rooney, Circleville Tigers' Most Valuable Player, captain and senior center, was awarded an honorable mention berth on the All-Ohio class AA football team announced today by Associated Press. Rooney is a letterman, 5' 10" and weighs 177 pounds.

Rick Sygar, sterling halfback with the state champion Niles McKinley Dragons, was named the No. 1 back in Ohio. He's a 5-8 and 171-pound "Mr. Everything" who scored 25 touchdowns and 173 points, gained 1,200 yards in 149 tries, completed 8 of 14 passes for 56 yards and three touchdowns — and on defense intercepted 9 passes.

He wound up on the first defensive team — as did Alliance's great seat back, Glenn Hill, another prolific scorer.

The offensive backfield is a thing of beauty. At quarterback is North Canton Hoover's Dick Snyder, a 6-4 runner-passer-deux. Dick completed 68 of 134 passes for 954 yards and a half-dozen touchdowns; ran 157 times for 1,420 yards; scored 104 points on 13 touchdowns and 26 conversions; averaged 37 yards on punts, 50 yards on kickoffs, and was in on about 40 per cent of the tackles on defense.

At halfback are Ray Matthews of Akron Garfield and Henry Weaver of Mansfield, Matthews, a 190-pounder, is rated by Akron coaches as the finest Rubber City running back since Don Clark starred at Ohio State. Weaver, is the state's fastest man U holder of the 100-yard and low hurdles titles — and he averaged better than 7 yards per try as he rolled up 96 points for the Tigers who lost only to Massillon.

The fullback is Steward Williams of Sandusky. The 212-pound 6-2 star scored 136 points, gained 1,516 yards in 201 carries for a 7.5-yard average. He'll be back next year, being the lone junior in the all-state backfield.

Up front are a flock of youthful giants. At end on offense are Ken Ivan of Massillon and Dennis Flanagan of Niles. Iven is 6-2 and 182, Flanagan 6-3 and 215. Doug Van Horn of Columbus Eastmoor, and Pete Melchior of Canton Central, a pair of 6-2 giants who tip the scales at 215, man the tackle posts. The guards are Jim Fraraccio of Alliance, 6-1 and 230, and Ted Andrich of Cuyahoga Falls, 6-0 and 205. The center berth was won by Jay Mackey of Fremont, 6-1 and 195.

Thus the offensive first team is

big, fast and versatile. But the defensive corps is filled with offensive threats, too, and there's little to choose between the contingents.

It is a year of great quarterbacks. Larry Mackey of Akron St. Vincent, and John McCluskey of Middletown, two of the finest at the signal-calling post, wound up as halfbacks on the third team as they were crowded from the upper echelons by the huge talent crop. And Steubenville Central's "Slingin' Sam" Fornasiglio, probably the most proficient passer of the lot, was relegated to the third team as a defensive halfback.

Some have been shifted from their regular spots, but here they are — Ohio's Class AA gridiron jewels for 1961:

SUCCESS AGAIN—For the third time since he began coaching the Louisiana State team in 1955, Paul Dietzel will lead his charges into a Bowl game. Dietzel, seen with the symbols of his success this year, will take his team to the Orange Bowl in Miami. LSU lost its opening game and then won nine straight.

Class AA All-Ohio Team Loaded with Grid Talent

COLUMBUS, Ohio (AP)—Ohio's scholastic gridirons, the happy hunting grounds of talen-seeking collegiate coaches, were filled with big game this season.

The best of the Buckeye boys won the top accolades today — places on The Associated Press All-Ohio Class AA team which is recognized as official by the Ohio High School Football Coaches Association.

Sixty-six youngsters, 33 on defensive and 33 on offensive teams, were named to the squad through information furnished by the state's sports writers, sportscasters and coaches.

Pat Rooney, Circleville Tigers' Most Valuable Player, captain and senior center, was awarded an honorable mention berth on the All-Ohio class AA football team announced today by Associated Press. Rooney is a letterman, 5' 10" and weighs 177 pounds.

Rick Sygar, sterling halfback with the state champion Niles McKinley Dragons, was named the No. 1 back in Ohio. He's a 5-8 and 171-pound "Mr. Everything" who scored 25 touchdowns and 173 points, gained 1,200 yards in 149 tries, completed 8 of 14 passes for 56 yards and three touchdowns — and on defense intercepted 9 passes.

He wound up on the first defensive team — as did Alliance's great scat back, Glenn Hill, another prolific scorer.

The offensive backfield is a thing of beauty. At quarterback is North Canton Hoover's Dick Snyder, a 6-4 runner-passer deluxe. Dick completed 68 of 134 passes for 954 yards and a half-dozen touchdowns; ran 157 times for 1,420 yards; scored 104 points on 13 touchdowns and 26 conversions; averaged 37 yards on punts, 50 yards on kickoffs, and was in on about 40 per cent of the tackles on defense.

At halfback are Ray Matthews of Akron Garfield and Henry Weaver of Mansfield. Matthews, a 190-pounder, is rated by Akron coaches as the finest Rubber City running back since Don Clark starred at Ohio State. Weaver, is the state's fastest man U holder of the 100-yard and low hurdles titles — and he averaged better than 7 yards per try as he rolled up 96 points for the Tigers who lost only to Massillon.

The fullback is Steward Williams of Sandusky. The 212-pound 6-2 star scored 136 points, gained 1,516 yards in 201 carries for a 7.5-yard average. He'll be back next year, being the lone junior in the all-state backfield.

Up front are a flock of youthful giants. At end on offense are Ken Ivan of Massillon and Dennis Flanagan of Niles. Iven is 6-2 and 182, Flanagan 6-3 and 215. Doug Van Horn of Columbus Eastmoor, and Pete Melchior of Canton Central, a pair of 6-2 giants who tip the scales at 215, man the tackle posts. The guards are Jim Fraccio of Alliance, 6-1 and 230, and Ted Andrich of Cuyahoga Falls, 6-0 and 205. The center berth was won by Jay Mackey of Fremont Ross, 6-1 and 195.

Thus the offensive first team is

big, fast and versatile. But the defensive corps is filled with offensive threats, too, and there's little to choose between the contingents.

It is a year of great quarterbacks. Larry Mackey of Akron St. Vincent, and John McCluskey of Middletown, two of the finest at the signal-calling post, wound up as halfbacks on the third team as they were crowded from the upper echelons by the huge talen crop. And Steubenville Central's "Slingin' Sam" Fornsaglio, probably the most proficient passer of the lot, was relegated to the third team as a defensive halfback.

Some have been shifted from their regular spots, but here they are — Ohio's Class AA gridiron jewels for 1961:

Class AA All-Ohio Team Loaded with Grid Talent

COLUMBUS, Ohio (AP)—Ohio's scholastic gridrons, the happy hunting grounds of talent-seeking collegiate coaches, were filled with big game this season.

The best of the Buckeye boys won the top accolades today — places on The Associated Press All-Ohio Class AA team which is recognized as official by the Ohio High School Football Coaches Association.

Sixty-six youngsters, 33 on defense and 33 on offensive teams, were named to the squad through information furnished by the state's sports writers, sportscasters and coaches.

Pat Rooney, Circleville Tigers' Most Valuable Player, captain and senior center, was awarded an honorable mention berth on the All-Ohio class AA football team announced today by Associated Press. Rooney is a letterman, 5' 10" and weighs 177 pounds.

Rick Sygar, sterling halfback with the state champion Niles McKinley Dragons, was named the No. 1 back in Ohio. He's a 5-8 and 171-pound "Mr. Everything" who scored 25 touchdowns and 173 points, gained 1,200 yards in 149 tries, completed 8 of 14 passes for 56 yards and three touchdowns — and on defense intercepted 9 passes.

He wound up on the first defensive team — as did Alliance's great seat back, Glenn Hill, another prolific scorer.

The offensive backfield is a thing of beauty. At quarterback is North Canton Hoover's Dick Snyder, a 6-4 runner-passer de-hyde. Dick completed 68 of 134 passes for 954 yards and a half-dozen touchdowns; ran 137 times for 1,420 yards; scored 104 points on 13 touchdowns and 26 conversions; averaged 37 yards on punts, 50 yards on kickoffs, and was in on about 40 per cent of the tackles on defense.

At halfback are Ray Matthews of Akron Garfield and Henry Weaver of Mansfield, Matthews, a 190-pounder, is rated by Akron coaches as the finest Rubber City running back since Don Clark starred at Ohio State. Weaver, is the state's fastest man U holder of the 100-yard and low hurdles titles — and he averaged better than 7 yards per try as he rolled up 96 points for the Tigers who lost only to Massillon.

The fullback is Steward Williams of Sandusky. The 212-pound 6-2 star scored 136 points, gained 1,516 yards in 201 carries for a 7.5-yard average. He'll be back next year, being the lone junior in the all-state backfield.

Up front are a flock of youthful giants. At end on offense are Ken Ivan of Massillon and Dennis Flanagan of Niles. Iven is 6-2 and 182, Flanagan 6-3 and 215. Doug Van Horn of Columbus Eastmoor, and Pete Melchior of Canton Central, a pair of 6-2 giants who tip the scales at 215, man the tackle posts. The guards are Jim Fracaccio of Alliance, 6-1 and 230, and Ted Andrich of Cuyahoga Falls, 6-0 and 205. The center berth was won by Jay Mackey of Fremont Ross, 6-1 and 195.

Thus the offensive first team is

big, fast and versatile. But the defensive corps is filled with offensive threats, too, and there's little to choose between the contingents.

It is a year of great quarterbacks. Larry Mackey of Akron St. Vincent, and John McCluskey of Middletown, two of the finest at the signal-calling post, wound up as halfbacks on the third team as they were crowded from the upper echelons by the huge talent crop. And Steubenville Central's "Slingin' Sam" Fornagaglio, probably the most proficient passer of the lot, was relegated to the third team as a defensive halfback.

Some have been shifted from their regular spots, but here they are — Ohio's Class AA gridiron jewels for 1961:

This Is What District Vets Want To Know

Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, James Shea. His office is in the basement of the Courthouse.

Q—How much does the Veterans Administration pay for a veteran's burial, and to whom is it paid?

A—The burial allowance paid by the VA is \$250. It is paid, normally, to the funeral director, or, if the director has been paid, to the person who paid the veteran's expenses.

Q—Is it true that the monthly payments for orphans attending school under the War Orphan's Education Assistance Act vary from \$50 to \$110 depending on the amount of compensation the veteran received?

A—The rates of payment are: \$110 a month for full time school attendance; \$80 per month, if three quarters time; and \$50 per month if half time. The rates are not determined by receipt of the veterans compensation benefits.

Q—I am an Air Force reservist. Is it true that if I am recalled to active military duty I do not have the protection of rights under the Soldiers and Sailors' Civil Relief Act that returning servicemen of the other branches of the service have?

A—That is not so. This act, passed before creation of the U. S. Air Force as an independent branch of the service, did not include Air Force personnel. However, subsequent legislation blanketed them for full coverage of rights extended other servicemen under the act.

Q—What is the new deadline date allowing Korea veterans the maximum time to obtain a GI Loan?

A—Korea veterans are allowed ten years from the date of their separation from service, plus one year for every three months of their active wartime service in which to secure a GI Loan. All have until Jan. 31, 1965, as a minimum date, whether their service would entitle them to that date or not. The maximum date for obtaining a loan is Jan. 31, 1975.

Q—What is the new deadline date allowing World War I veterans the maximum time to obtain a GI Loan?

A—World War II veterans are allowed ten years from the date of their separation from service, plus one year for every three months of their active service in which to secure a GI Loan. All have until July 25, 1962, as a minimum date whether their service would entitle them to that date or not. The maximum date is July 25, 1967.

Gifts Needed For Patients

A request for gifts which will be sent to Pickaway County patients in the Columbus State Hospital was sounded again today.

Local groups sponsoring the gift program said donations have been coming in at a slow pace. Articles may be delivered to the probate courtroom in the Courthouse on or before Friday.

Sponsoring organizations are the Ashville Civic Club, Christian Fellowship League of Trinity Lutheran Church, Circleville High School Hi-Y Club, Key Club and Junior SOS Club and Pickaway County Girl Scouts and Brownies.

The names of hospital patients requesting specific gifts may be obtained by contacting Mrs. Jessica Wood at the Pickaway County Probate Court, GR 4-3950.

ARTICLES needed to complete gift lists include cigarettes, pipes, pipe tobacco and cash for perishables and other items which cannot be sent conveniently or anticipated in advance.

Clothing needs include white anklets, aprons, men's belts, caps with ear protectors, men's work gloves, head scarfs, hose, light weight women's raincoats, men's white stretch socks and men's ties.

Business Briefs

Members of the Ashville Women's Civic Club are reminded of the Christmas Tea to be held Thursday in the Ashville Methodist Church at 7:30 p. m. Honored guests will be the children of the members who will also present the Christmas program.

Members are asked to bring canned food or toys for a needy family and gifts for State Hospital patients.

The Junior Choir and Little Helper's Class of the Ashville Evangelical United Brethren Church will entertain children from the Pickaway County's Home at a Christmas Fellowship Party in the basement of the church at 7:30 p. m. Dec. 12.

The women of the church will help with the plans and refreshments. Eighty children in all are expected to attend.

Each child from the Home will have a fellowship brother or sister as their special host or hostess for the entire party. Various business firms have contributed to the party.

Melanie Hoover, daughter of Mr. and Mrs. Robert Hoover of Ashville underwent surgery two weeks ago in Mercy Hospital. She is now at home recovering. Her brother, Rodney, is also confined to home with an infected foot.

The Ashville Booster Club will sponsor a Euchre Party 8 p. m. Saturday in the school auditorium.

Mr. and Mrs. Wallace Parsons and Mrs. Walter Manning were guests in the home of Mr. and Mrs. C. W. Hedges when they entertained with a family dinner Thanksgiving Day.

The First English Lutheran Church women will have their annual Christmas Workshop on Wednesday, December 13 at 6:30 p. m. starting with a pot-luck supper. Ladies are asked to bring an article demonstrating Christmas decorations, wrappings, or handiwork. The new Officers will be organized and officers elected at this event. In place of a gift exchange ladies are to bring an offering to decorate a Christmas tree.

Bastian Funeral Home ambulance runs this past week were: Dec. 2 — removed Rosella Cordray, Route 1, Ashville, to Kearn's Rest Home, Circleville from Mt. Carmel Hospital in Columbus; Dec. 3 — removed James Workman, 3686 Briggs Road, Columbus, to Mercy Hospital following an auto accident in South Bloomfield.

All Ladies Societies of the different churches in the Ashville community have been invited by the Ashville Methodist WSCS to join with them at 8 p. m. Dec. 13 to view Mrs. H. O. Caldwell's colored pictures taken recently when she and her husband visited the Holy Land and other places of interest. The society will serve refreshments at the close of the evening.

Clyde Brinker is confined to his home after suffering two heart attacks the past week.

The Mary-Martha Circle of the First English Lutheran Church, will meet 1:30 p. m. Thursday in the home of Mrs. Harold Bowers, 73 East St.

Mrs. Erwin Nelson of 63 Scioto St., wishes to express her thanks to those who donated blood for her husband who underwent heart sur-

gery the past week in University Hospital. It will be necessary for him to have another operation in a few months. He was able to return to his home Tuesday.

Kathy Courtright, daughter of Mr. and Mrs. Robert Courtright, won first place in the Pickaway County Prince of Peace contest. A 11th grade student at Ashville, she chose as the title for her essay, "God Through Youth — The Channel to Peace".

LAST Sunday she received a medal at the county Prince of Peace Speaking contest. The essay will be entered in competition in the district contest where six winners will be selected. These six will receive a trip to the United Nations.

The writer of the essay judged best in the state will receive a four-year college scholarship.

Ten members of the Driver's Training Class, instructed by Russell Gregg, spoke before the Ashville School grade children in their respective classes explaining the rules for bicycle riding in traffic and also the safety of a pedestrian in traffic. Each member gave talks and led discussion periods.

Participating were Janet Accord, Kathy Courtright, Bob Griffith, Donna Harper, Jay Morrison, Skip Runkle, Gerald Sark, Ellen Snyder, Sandy Trimble and John Wylie.

The Senior Luther Leaguers of the First English Lutheran Church and their parents will hold a Christmas pot-luck dinner-party 5:30 p. m. Sunday in the church.

The Ashville Knights of Pythias will hold their annual Christmas Turkey Dinner, at 6:30 p. m. Dec. 13 in the hall. All past chancellors of the Palmetto Lodge No. 513 will be the honored guests. Page rank will also be conferred.

Donald Donaldson, son of Mr. and Mrs. Jesse Donaldson, is confined to his home with hepatitis. He is a sixth grade student at Ashville.

Social Security Office Stresses Change in Law

There is no longer reason for many working people 65 and older to delay making application for their social security benefits, according to E. H. Biedenholz, district manager of the Chillicothe Social Security office.

Under recent changes in the law, persons eligible for social security benefits can earn more and still collect some benefits in addition to their earnings, Biedenholz said.

He pointed out that under the old law, a worker eligible for a monthly benefit of \$90 could not collect any social security checks if his earnings for the year amounted to more than \$2,080. Under the new law, this worker can earn up to \$2,530 a year and still collect some of his payments.

The law now considers both a person's earning and his benefit rate in determining whether he can be paid some social security benefits. Biedenholz suggested that working people 65 or over, who have not applied for their social security benefits, should inquire now to find out whether it is

Common Pleas Case Backlog Is Unchanged

There was no change in the number of cases pending in Pickaway County Common Pleas Court at the beginning and end of November, reports issued by the Clerk of Courts office showed today.

Cases awaiting disposition on both dates totaled 186. Of the number pending on Nov. 30, there were 73 domestic relations matters, 88 other civil cases and 25 matters in the criminal classification.

Three domestic relations cases were filed last month, along with eight other civil and seven criminal matters. The domestic backlog remained at 73 as three cases reached conclusion. Civil cases pending rose from 86 to 88 as eight were filed and six completed.

The criminal case backlog dropped from 27 to 25. Seven cases were entered and nine reached disposition.

Of the cases concluded in Common Pleas Court, two domestic relations and eight criminal matters were tried to the court. One criminal case required a jury trial and two cognovit and default judgments were handed down in other civil issues by Judge William Ammer. One domestic and four other civil cases were either settled or dismissed.

NO TRAFFIC point system cases were filed or terminated during the month. The median filing date for a pending civil action is June 16, 1961.

A total of four cases were pending in the district Court of Appeals on Nov. 30, the same number awaiting disposition at the first of the month. These issues were presented to the court in a session conducted here last Thursday. Written opinions will be filed by the three judges at an undetermined future date.

Christmas Tree Merchant Finds 'Letter to Santa'

By RICHARD DAVIS

In days gone by communications have been sent via the homing pigeon or put in bottles and tossed in a stream for a speculative delivery.

Such means of delivering a message is rare with all the up-to-date media of getting in touch with other persons.

However, last Saturday Raymond Myers, 150 Nicholas Drive, uncovered a completely different method of "getting a message across."

Myers, who retails Christmas trees each year at his residence, was loosening bundles of trees for the annual rush of the primary holiday decoration.

WHILE removing tags and invoices from bundles he noticed a cellophane-wrapped piece of paper. "It wasn't a bill or tree tag," Myers said, "and I almost threw it away."

Curious by nature, Myers removed the wrapping from the note and was much surprised to see an appeal from an 8-year-old French-Canadian lad seeking a toy for Christmas.

As in the case of the note floating down a stream in a bottle, the lad was taking a chance on someone finding his message.

In a typical 8-year-old's script, the message read: "I am a poor little boy 8 year old writing My name in the trees to the

Christmas Program Planned by PTA

The Corwin Parent-Teachers Association will meet for the annual Christmas Program at 8 p. m. tomorrow in the social rooms of Circleville High School.

Following a brief business session students of the seventh and eighth grades will present the program.

The Seventh Grade Ensemble is scheduled to sing, "Jingle Bells" and "A Merry Christmas."

Musical selections listed by the Eighth Grade Sextet will include: "Syncopated Clock"; "Let It Snow"; "A Christmas Folk Song"; "What Child Is This?" and a medley of popular holiday carols.

one who fine my name asking you for a toys for Christmas. I am not rich 7 children in over (our) family hoping you be good to me my address is Mr. Alexandre P. Doiron, Brantville NB (New Brunswick) Canada."

MYERS said yesterday that he purchased the trees from a Columbus wholesaler who ordered them from the New Brunswick area.

The Christmas tree merchant stated that he had been selling trees for the past 20 years and never came across anything quite like this experience.

Myers and his wife are sending the youth a gift and something for

the other six children in the family in response to the lad's plea.

Myers said a true meaning of Christmas will be realized in his home this year if he can help to brighten the Canadian boy's holiday.

This Is What District Vets Want To Know

Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, James Sles, whose office is in the basement of the Courthouse.

Q—How much does the Veterans Administration pay for a veteran's burial, and to whom is it paid?

A—The burial allowance paid by the VA is \$250. It is paid, normally, to the funeral director, or, if the director has been paid, to the person who paid the veteran's expenses.

Q—Is it true that the monthly payments for orphans attending school under the War Orphan's Education Assistance Act vary from \$50 to \$110 depending on the amount of compensation the veteran received?

A—The rates of payment are: \$110 a month for full time school attendance; \$80 per month, if three quarters time; and \$50 per month if half time. The rates are not determined by receipt of the veterans compensation benefits.

Q—I am an Air Force reservist. Is it true that if I am recalled to active military duty I do not have the protection of rights under the Soldiers and Sailors' Civil Relief Act that returning servicemen of the other branches of the service have?

A—That is not so. This act, passed before creation of the U. S. Air Force as an independent branch of the service, did not include Air Force personnel. However, subsequent legislation blanketed them for full coverage of rights extended other servicemen under the act.

Q—What is the new deadline date allowing Korea veterans the maximum time to obtain a GI Loan?

A—Korea veterans are allowed ten years from the date of their separation from service, plus one year for every three months of their active wartime service in which to secure a GI Loan. All have until Jan. 31, 1965, as a minimum date, whether their service would entitle them to that date or not. The maximum date for obtaining a loan is Jan. 31, 1975.

Q—What is the new deadline date allowing World War I veterans the maximum time to obtain a GI Loan?

A—World War II veterans are allowed ten years from the date of their separation from service, plus one year for every three months of their active wartime service in which to secure a GI Loan. All have until July 25, 1962, as a minimum date whether their service would entitle them to that date or not. The maximum date is July 25, 1967.

Gifts Needed For Patients

A request for gifts which will be sent to Pickaway County patients in the Columbus State Hospital was sounded again today.

Local groups sponsoring the gift program said donations have been coming in at a slow pace. Articles may be delivered to the probate courtroom in the Courthouse on or before Friday.

Sponsoring organizations are the Ashville Civic Club, Christian Fellowship League of Trinity Lutheran Church, Circleville High School Hi-Y Club, Key Club and Junior SOS Club and Pickaway County Girl Scouts and Brownies.

The names of hospital patients requesting specific gifts may be obtained by contacting Mrs. Jessica Wood at the Pickaway County Probate Court, GR 4-3950.

ARTICLES needed to complete gift lists include cigarettes, pipes, pipe tobacco and cash for perishables and other items which cannot be sent conveniently or anticipated in advance.

Clothing needs include white anklets, aprons, men's belts, caps with ear protectors, men's work gloves, head scarfs, hose, light weight women's raincoats, men's white stretch socks and men's ties.

Members of the Ashville Women's Civic Club are reminded of the Christmas Tea to be held Thursday in the Ashville Methodist Church at 7:30 p. m. Honored guests will be the children of the members who will also present the Christmas program.

Members are asked to bring canned food or toys for a needy family and gifts for State Hospital patients.

The Junior Choir and Little Helper's Class of the Ashville Evangelical United Brethren Church will entertain children from the Pickaway County's Home at a Christmas Fellowship Party in the basement of the church at 7:30 p. m. Dec. 12.

The women of the church will help with the plans and refreshments. Eighty children in all are expected to attend.

Each child from the Home will have a fellowship brother or sister as their special host or hostess for the entire party. Various business firms have contributed to the party.

Melanie Hoover, daughter of Mr. and Mrs. Robert Hoover of Ashville underwent surgery two weeks ago in Mercy Hospital. She is now at home recovering. Her brother, Rodney, is also confined to home with an infected foot.

The Ashville Booster Club will sponsor a Euchre Party 8 p. m. Saturday in the school auditorium.

Mr. and Mrs. Wallace Parsons and Mrs. Walter Manning were guests in the home of Mr. and Mrs. C. W. Hedges when they entertained with a family dinner Thanksgiving Day.

The First English Lutheran Church women will have their annual Christmas Workshop on Wednesday, December 13 at 8:30 p. m. starting with a pot-luck supper. Ladies are asked to bring an article demonstrating Christmas decorations, wrappings, or handwork. The new Circle's will be organized and officers elected at this event. In place of a gift exchange ladies are to bring an offering to decorate a Christmas tree.

Bastian Funeral Home ambulance runs this past week were: Dec. 2 — removed Rosella Cor-dary, Route 1, Ashville, to Kearn's Rest Home, Circleville from Mt. Carmel Hospital in Columbus; Dec. 3 — removed James Workman, 3886 Briggs Road, Columbus, to Mercy Hospital following an auto accident in South Bloomfield.

All Ladies Societies of the different churches in the Ashville community have been invited by the Ashville Methodist WSCS to join with them at 8 p. m. Dec. 13 to view Mrs. H. O. Caldwell's colored pictures taken recently when she and her husband visited the Holy Land and other places of interest. The society will serve refreshments at the close of the evening.

Clyde Brinker is confined to his home after suffering two heart attacks the past week.

The Mary-Martha Circle of the First English Lutheran Church, will meet 1:30 p. m. Thursday in the home of Mrs. Harold Bowers, 73 East St.

Mrs. Erwin Nelson of 63 Scioto St., wishes to express her thanks to those who donated blood for her husband who underwent heart sur-

gery the past week in University Hospital. It will be necessary for him to have another operation in a few months. He was able to return to his home Tuesday.

Kathy Courtright, daughter of Mr. and Mrs. Robert Courtright, won first place in the Pickaway County Prince of Peace contest. A 11th grade student at Ashville, she chose as the title for her essay, "God Through Youth — The Channel to Peace".

LAST Sunday she received a medal at the county Prince of Peace Speaking contest. The essay will be entered in competition in the district contest where six winners will be selected. These six will receive a trip to the United Nations. The writer of the essay judged best in the state will receive a four-year college scholarship.

Ten members of the Driver's Training Class, instructed by Russell Gregg, spoke before the Ashville School grade children in their respective classes explaining the rules for bicycle riding in traffic and also the safety of a pedestrian in traffic. Each member gave talks and led discussion periods.

Participating were Janet Accord, Kathy Courtright, Bob Griffith, Donna Harper, Jay Morrison, Skip Runkle, Gerald Sark, Ellen Snyder, Sandy Trimble and John Wylie.

The Senior Luther Leaguers of the First English Lutheran Church and their parents will hold a Christmas pot-luck dinner-party 5:30 p. m. Sunday in the church.

The Ashville Knights of Pythias will hold their annual Christmas Turkey Dinner, at 6:30 p. m. Dec. 13 in the hall. All past chancellors of the Palmetto Lodge No. 513 will be the honored guests. Page rank will also be conferred.

Donald Donaldson, son of Mr. and Mrs. Jesse Donaldson, is confined to his home with hepatitis. He is a sixth grade student at Ashville.

Social Security Office Stresses Change in Law

There is no longer reason for many working people 65 and older to delay making application for their social security benefits, according to E. H. Biedenholz, district manager of the Chillicothe Social Security office.

Under recent changes in the law, persons eligible for social security benefits can earn more and still collect some benefits in addition to their earnings, Biedenholz said.

He pointed out that under the old law, a worker eligible for a monthly benefit of \$90 could not collect any social security checks if his earnings for the year amounted to more than \$2,080. Under the new law, this worker can earn up to \$2,530 a year and still collect some of his payments.

The law now considers both a person's earning and his benefit rate in determining whether he can be paid some social security benefits. Biedenholz suggested that working people 65 or over, who have not applied for their social security benefits, should inquire now to find out whether it is

Common Pleas Case Backlog Is Unchanged

There was no change in the number of cases pending in Pickaway County Common Pleas Court at the beginning and end of November, reports issued by the Clerk of Courts office showed today.

Cases awaiting disposition on both dates totaled 186. Of the number pending on Nov. 30, there were 73 domestic relations matters, 88 other civil cases and 25 matters in the criminal classification.

Three domestic relations cases were filed last month, along with eight other civil and seven criminal matters. The domestic backlog remained at 73 as three cases reached conclusion. Civil cases pending rose from 86 to 88 as eight were filed and six completed.

The criminal case backlog dropped from 27 to 25. Seven cases were entered and nine reached disposition.

Of the cases concluded in Common Pleas Court, two domestic relations and eight criminal matters were tried to the court. One criminal case required a jury trial and two cognovit and default judgments were handed down in other civil issues by Judge William Ammer. One domestic and four other civil cases were either settled or dismissed.

NO TRAFFIC point system cases were filed or terminated during the month. The median filing date for a pending civil action is June 16, 1961.

A total of four cases were pending in the district Court of Appeals on Nov. 30, the same number awaiting disposition at the first of the month. These issues were presented to the court in a session conducted here last Thursday. Written opinions will be filed by the three judges at an undetermined future date.

Joyriding Woman Drives To Get Mental Exams

CINCINNATI (AP) — Pauline Van Dam, free on bond pending trial on charges stemming from an Ohio — Kentucky joyride, was taken to Rollman State Hospital Tuesday night for mental tests.

Mrs. Van Dam, 31, is charged with transporting a stolen car and a gun between states.

Christmas Tree Merchant Finds 'Letter to Santa'

By RICHARD DAVIS

In days gone by communications have been sent via the homing pigeon or put in bottles and tossed in a stream for a speculative delivery.

Such means of delivering a message is rare with all the up-to-date media of getting in touch with other persons.

However, last Saturday Raymond Myers, 150 Nicholas Drive, uncovered a completely different method of "getting a message across."

Myers, who retails Christmas trees each year at his residence, was loosening bundles of trees for the annual rush of the primary holiday decoration.

WHILE removing tags and invoices from bundles he noticed a cellophane-wrapped piece of paper. "It wasn't a bill or tree tag," Myers said, "and I almost threw it away."

Curious by nature, Myers removed the wrapping from the note and was much surprised to see an appeal from an 8-year-old French Canadian lad seeking a toy for Christmas.

As in the case of the note floating down a stream in a bottle, the lad was taking a chance on someone finding his message.

In a typical 8-year-old's script, the message read:

"I am a poor little boy 8 year old writing My name in the trees to the

one who fine my name asking you for a toys for Christmas. I am not rich 7 children in over (our) family hoping you be good to me my address is Mr. Alexandre P. Doiron, Brantville NB (New Brunswick) Canada."

MYERS said yesterday that he purchased the trees from a Columbus wholesaler who ordered them from the New Brunswick area.

The Christmas tree merchant stated that he had been selling trees for the past 20 years and never came across anything quite like this experience.

Myers and his wife are sending the youth a gift and something for

the other six children in the family in response to the lad's plea.

Myers said a true meaning of Christmas will be realized in his home this year if he can help to brighten the Canadian boy's holiday.

\$40,000 in Furs Stolen From Cincinnati Store

CINCINNATI (AP) — Agents of the FBI have joined the hunt for burglars who stole mink, beaver and Persian lamb fur coats worth \$40,000.

A porter discovered the theft early Tuesday at Todd Bros. Apparel Co. in downtown Cincinnati.

Christmas Program Planned by PTA

The Corwin Parent-Teachers Association will meet for the annual Christmas Program at 8 p. m. tomorrow in the social rooms of Circleville High School.

Following a brief business session students of the seventh and eighth grades will present the program.

The Seventh Grade Ensemble is scheduled to sing, "Jingle Bells" and "A Merry Christmas."

Musical selections listed by the Eighth Grade Sextet will include: "Syncopated Clock"; "Let It Snow"; "A Christmas Folk Song"; "What Child Is This?" and a medley of popular holiday carols.
